Russians Revive Sachsenhausen

Once more machine gunners man the watchtower and barbed wire surrounds the palisade at Sachsenhausen, notorious under the Nazis. The sign reads: "Forbidden Zone. Entry Forbidden. You Will Be Shot." It is reported the Russians hold 14,500 men and 1,500 women prisoners in the barracks there. Photographer risked his life to get this photo from a nearby cemetery during the 14-minute interval between patrols who circle the concentration camp day and night.—(NEA Photo)

Russians Blockade Highway To Berlin; Delay Food Trucks

BERLIN (UP)—Russian guards blockaded the trunk highway between Berlin and West Germany for 12 hours today, stopping 200 inbound food trucks at a checkpoint just outside the city.

The Soviets announced new restrictions on highway traffic. They apparently were aimed at keeping Germans from selling all their produce in the better-paying markets of West Berlin.

After a long line of trucks had backed up along the Helmstedt highway, the Russians relented and allowed them to enter Berlin this afternoon.

The change of heart followed a protest by U.S. occupation authorities. They charged the Russian move violated a four-power agreement for the removal of the blockade. The agreement was bolstered by a Big Four accord at Paris giving the western powers free access to Berlin.

U.S. officials said the agreement called for a return to the regulations in effect before March 1, 1948, when no special Russian pass was required.

However, the Russians required of the truckers a pass signed by a Soviet officer at the Helmstedt zonal border checkpoint. They said that starting tomorrow, all drivers entering Berlin would have to show such a pass. The lack of such a pass stalled the trucks at the outskirts of Berlin today.

Food Quickly Starts To Spoil

Russian soldiers stopped the Berlin-bound trucks laden with foodstuffs at a checkpoint two miles outside the city. The trucks already had cleared the zonal border at Helmstedt and had crossed the Soviet zone.

Hundreds of trucks piled up behind the checkpoint, their food wilting or souring in the summer heat. Those loaded with supplies other than food were permitted to pass.

The new attack on the economy of West Berlin came while authorities were struggling to get the trains rolling after a month-long strike. The Helmstedt autobahn is the arterial highway westward over which cars raced six weeks ago in a spectacular celebration of the "lifting" of the Berlin blockade.

Czech Archbishops Helped Nazis In War, Says Pravda

PRAGUE (UP)—The Slovak Communist organ Pravda accused Roman Catholic bishops in eastern Czechoslovakia today of collaborating with the Nazis during the war.

The attack on Slovak bishops followed reports of an outbreak of violence against state police trying to arrest churchmen in four villages of western Slovakia, near the Moravian border.

A government spokesman declined to confirm or deny reports that martial law had been imposed for 60 hours on the region in central Czechoslovakia.

The crowds were said to have attacked police, driving them away, and militiamen armed with machine guns were sent in to restore order.

Rumors of isolated violence continued to trickle in to Prague, principally from Catholic Slovakia. No Prague newspapers mentioned the disorders.

Coincident with the reports of unrest, the Communist organ in Slovakia switched its attack from Archbishop Joseph Beran and the Vatican to the Slovakian bishops.

Referring to a Vatican excommunication move, Pravda said: "It has never before happened that the Catholic bishops interfered with any priests because they took part in a political regime. They did not interfere with priests who worked for the barbarian nazism and fascism, of which there were many examples in Slovakia during the war."

U.S. Gives Turkey Billion In 2 Years

LONDON (Reuter)—Mec-Meddin Sadak, Turkey's foreign minister, said in an interview quoted Wednesday by the Ankara radio that in the two years of United States military aid, Turkey had received equipment worth more than \$1,900,000,000.

Government House Grounds Again Open To Public

The grounds of Government House, official residence of the Lieutenant-Governor, will be open to the public again this year.

Works Minister E. C. Carson, whose department has charge of the care of the gardens and grounds, said today that the traditional policy of allowing public access to the well-kept gardens and scenic acres of the residence on Rockland Avenue would be continued this year.

India's Premier To Visit Canada

JAWAHARLAL NEHRU

NEW DELHI (UP)—Prime Minister Jawaharlal Nehru said today he will pay a brief visit to Canada in October at the invitation of Canadian Prime Minister Louis St. Laurent.

He said he expected to spend a few days in the Dominion, but that details could be settled later.

Nehru made the announcement as he made public the text of a message he said he had sent to Mr. St. Laurent. He thanked him for "the very kind invitation you have extended to me on behalf of the government and people of Canada to visit the Dominion."

Italian Seamen Must Resume Work

ROME (Reuter)—Italian ship-owners today ordered seamen on strike in Italy's main ports to return to work by mid-day or risk dismissal.

The owners' ultimatum said that unless the two-week-old strike ended immediately they would ask the government for permission to recruit new crews and withdraw their offer of increased wages—one demand made by the seamen.

Raise \$13,000

VANCOUVER (CP)—An all-day garden party, staged at the home of F. Ronald Graham in Vancouver Wednesday netted more than \$13,000 for the Vancouver Symphony Orchestra.

That's the preliminary estimate of the women's committee of the Vancouver Symphony Society, which staged the party.

Cars were lined up for blocks and thousands of persons flocked to the affair despite adverse weather conditions.

Narrow Escape

MISSION (CP)—A Vancouver motorist, J. W. Brett, narrowly escaped drowning Wednesday night when his automobile careened off the Lougheed Highway near Mission and plunged into a water-filled ditch.

A passing motorist extricated Brett from his car and took him to the Mission Memorial Hospital where he was released after treatment.

Perfect Bridge Hand

TORONTO (CP)—J. R. (Dick) Sherbourne has realized one of his ambitions—a perfect bridge hand. Wednesday night he dealt himself a perfect seven no-trump hand while playing with L. C. Russell, Wendell McKay and Dennis Remnant.

Abbott At Parley

OTTAWA (UP)—Prime Minister Louis St. Laurent announced today that Finance Minister Abbott would fly to Britain next week for talks on the international dollar situation.

Refusal To Work Canadian Vessels Cause Of Trouble

LONDON (Reuter)—London's dock dispute, arising from the three-month-old strike of the Canadian Seamen's Union, spread rapidly today, with nearly 70 ships now tied up.

Strikes at other docks in sympathy with the 5,000 workers at the Royal and Surrey wharves who refused to work two strike-bound Canadian vessels, brought the total affected by the dispute to almost 7,000. Fifteen ocean-going food ships, four of them carrying cargoes of frozen meat, were among those held up.

Prime Minister Attlee called a cabinet meeting today to hear Labor Minister George Isaacs report on the docks dispute and the threatened new "go slow" campaign on Britain's nationalized railways. The special group of ministers which deals specifically with such disputes was not meeting today.

Royal and Surrey dock employees denied work on other vessels claimed that the employers' refusal to employ them unless they lifted their boycott was not meeting today.

Employers denied a lockout. They said they had previously warned union officials that unless the men returned to normal work on all ships no work would be offered.

An unofficial "lockout" committee formed at a meeting of several hundred dockers advised the men to present themselves for work each morning and if none was offered to demonstrate by holding meetings.

Vishinsky Denies Russians Afraid To Release Germans

By WILLIAM N. OATIS

LONDON (AP)—Andrei Y. Vishinsky, Russia's foreign minister, disagreed sharply today with Western Powers' analysis of the Paris Big Four meeting and declared Russian firmness had forced a western retreat.

Vishinsky said the "agreements reached at Paris differed seriously" from the original proposals put forward by Britain, France and the United States.

On the other hand, he added, after careful reading of the communiqué issued by the Big Four, "it is difficult to see... the basic ideas of the proposals submitted by the Soviet delegation in the council of Foreign Ministers during the very first days of its work."

In a 4,200-word statement distributed in London through the official Soviet news agency, Vishinsky differed with Dean Acheson, United States State Secretary,

on the progress of the Marshall Plan and whether it was Russia or the West which wanted to give the Germans more freedom.

Acheson told a Washington press conference after his return from Paris that Russia had been put on the defensive in the struggle for Europe and was afraid to relax its iron grip on eastern Germany because the Soviets knew they would no longer be able to control the German people if they did so.

Vishinsky charged Acheson with a "groundless" assertion saying the Russians were afraid to grant freedom to the Germans.

"How," he asked, "is one to explain the fact that both he and his western colleagues resolutely objected to all the proposals of the Soviet delegation directed precisely at restoring the unity of Germany and giving the Germans freedom in their own affairs?"

U.S. Justice Dept. Acts To Break Up Du Ponts' Empire

WASHINGTON (UP)—Attorney-General Tom Clark today filed a civil anti-trust suit against the Du Pont Company, General Motors Corp., and United States Rubber Co., which he described as being together the "largest single concentration of industrial power" in this country.

The suit was filed in a federal district court at Chicago. It also named as defendants the Christiana Securities Company and the Delaware Realty and Investment Corporation, Wilmington, and 128 members of the Du Pont family. The Christiana and Delaware Companies were described as personal holding companies of the Du Ponts.

The suit charges that the Du Pont family, through its personal holding companies, Christiana and Delaware, holds a controlling stock interest in the Du Pont Company, which in turn controls General Motors. It said that members of the Du Pont family also hold controlling interest in the U.S. Rubber Company.

Chinese Workers Told To Co-operate With Capitalists

NANKING (AP)—Communist leader Mao Tze-tung broadcast from Peking today a message to Chinese workers telling them they must co-operate with capitalists so maximum production can be attained.

Mao urged Communist Party members to continue their close co-operation with labor. He said failure of Sun Yat-sen's policies and those of the Kuomintang was due to their neglect of the proletariat.

The Red leader declared in a statement commemorating the 28th anniversary of the Chinese Communist Party that success of the party resulted solely from its close alliance with the peasants and labor masses.

Policy Of Restoring Unity

The Soviet spokesman said the most important result of the Paris meeting was "the undoubted failure of the policy of splitting Germany and of aggravating international relations and the undoubted success of the policy of restoring the unity of Germany and of improving international relations for international co-operation."

He declared the western powers "deemed it necessary to agree to four-power consultations on the German issue instead of the three-power consultations which they began to practice during the last two years, crudely violating

the principles of the Potsdam agreement."

"No matter how the three western governments may try to deny this," he said, "the fact remains that the communiqué (issued by the four powers) is drawn up in the spirit of the Soviet proposals."

He said the provisions for four-power consultations in Berlin, closer economic ties between the eastern and western zones of Germany and stimulating east-west trade were proof of his contention.

School's Out, Children Shout

Schools closed today for summer holidays and 10,200 Greater Victoria youngsters celebrated. Little ones brought gifts for the teacher. Older students were thinking more of the 67 days of freedom ahead and teachers were forgotten. One of the present-receiving teachers was Mrs. D. Radcliff, of Sir James Douglas, shown with her little charges unwrapping their many gifts.

Today was the last one in the 1948-49 school term and rejoicing was the order of the day among the youngsters.

They started 67 days of holidays which will end Sept. 6 when the old familiar bell rings again. But they are not thinking about that. Thoughts of long

days at the beaches and parks, trips with their parents and all the other things which make up summer vacations are foremost.

Grade 8 students started vacations earlier, but other elementary pupils and high school students said farewell to classrooms today.

Matriculation students wrote

their final examination this morning.

Not all teachers were happy that vacations were here. It means no pay cheque for two months.

Parents were not rejoicing either. It means more work and supervision for them with their youngsters around home all day long.

U.S. Soft Coal Miners To Work; No Contract

WHITE SULPHUR SPRINGS, W. Va. (AP)—John L. Lewis today ordered soft coal miners east of the Mississippi River to work a three-day week starting next Tuesday, abandoning his traditional "no contract, no work" policy.

The contract with the soft coal industry of the U.S. will expire at midnight tonight, but Lewis directed his miners to stay on the job for a short work week "to remove the stresses and strains which could cause industry and public irritation."

He told the miners east of the Mississippi to work Tuesday, Wednesday and Thursday next week, when they return from their present 10-day vacation. After that, Lewis advised the miners to work on Monday, Tuesday and Wednesday of each week.

There was no time limit to the arrangement, although north and west of the coal operators believe they have a contract until Aug. 14 under terms of the Taft-Hartley Act.

Mines west of the Mississippi are not affected by the three-day limitation, but he restrained them from working on any Saturday.

QUESTION OF COMPETITION

The operators themselves were standing firm against accepting Lewis' plan to spread jobs by adopting the short week. Mainly they fear the anti-trust law.

"We are still opposed to it from the legal standpoint and because of the principle involved," a spokesman said.

"What would happen to our mines when the non-union mines could work six days? They would get the business."

Girl Who Shot Down Waitkus Sent To Mental Hospital

CHICAGO (AP)—In a rapid-fire disposal of legal routine, Ruth Ann Steinbrenner, 19-year-old admirer who shot first baseman Eddie Waitkus of the Philadelphia Phils., was adjudged insane today and committed to Kankakee state hospital.

The girl appeared in felony court with the man she shot. After preliminary pleadings she was bound over to the grand jury.

A true bill was immediately returned and the indictment returned shortly after Waitkus, sitting in a wheelchair, had confronted the girl for the first time since she shot him in a hotel room June 15.

Before the indictment was returned Waitkus and the girl appeared before Judge Matthew D. Hartigan who ordered her held to the grand jury and fixed her bond at \$50,000.

Return To Work

WINDSOR, Ont. (CP)—Two thousand Chrysler Corporation of Canada Ltd. employees returned to their jobs today in the company's passenger car plant.

They were made idle Wednesday when 39 employees quit work because of the heat.

The men walked off the job, causing the company to close down production in the plant and idling the full production staff.

Irish Sweep Tickets Seized; 3 Men Held

NEW YORK (AP)—Police Wednesday night seized \$1,500,000 worth of Irish sweepstake tickets and arrested three men.

Police confiscated 79,000 books of sweepstake tickets. The face value of the tickets was more than \$1,500,000. Also found were about 20,000 receipt blanks and 1,500 brochures describing the sweepstakes.

Reds Let Food Trucks Into Berlin After New Check-Up

Brief Session Of Commons Set For September

OTTAWA (BUP)—The House of Commons will meet sometime in September, Prime Minister Louis St. Laurent indicated this afternoon. He said the interim supply of money to run the country would have been spent by then. The Prime Minister, in his first news conference after Monday's sweeping Liberal win, did not name dates. He hinted, however, the session might be a short one.

No cabinet shuffle has been made yet, he said. Any changes would be announced as soon as made. Appointments to fill Senate vacancies were also being considered, but he had none to announce.

The Prime Minister was asked about a Dominion-provincial conference. He said none had been considered for the immediate future. But, he told the press, he had little time to consider those

matters in the few days after Monday's voting.

He was asked about recent religious persecution in Czechoslovakia, and said he had no special comment. His government had "vigorously deplored" religious persecutions and its stand was unchanged.

With members of his family, he will leave at the end of next week for a holiday in the Maritimes. He asked the reporters not to give large-scale publicity to his trip.

Abbott Flying To London St. Laurent Announces

OTTAWA (CP)—Prime Minister St. Laurent announced this afternoon that Finance Minister Abbott will fly to London next week to discuss the dollar situation with the United Kingdom and other Commonwealth Finance Ministers.

Mr. St. Laurent said at his first post-election press conference that the decision to send Mr. Abbott overseas had come as a result of an invitation from the United Kingdom.

When Mr. Abbott goes overseas next week he will have with him as advisors his deputy minister, Dr. W. C. Clark, Norman Robertson, clerk of the Privy Council of Canada, as well as L.

D. Wilgress, Canadian High Commissioner in London.

Dr. Clark and Mr. Robertson have already left for London, Mr. St. Laurent said.

PRELIMINARY TALKS

In a statement issued at the conference, the Prime Minister pointed out that because Canada is not part of the sterling area—and has specially close economic and financial relations with the United States—Mr. Abbott will hold preliminary informal talks with the U.K. and the U.S. prior to the Commonwealth meeting.

The U.S. talks will be carried on with John W. Snyder, U.S. Secretary of the Treasury, who is to leave shortly for Europe and will meet Mr. Abbott in London.

Found Guilty After Long Trial

JUDITH COPLON

Woman Faces Heavy Sentence

WASHINGTON (AP)—Judith Coplon was convicted today of being a spy for Russia.

The jury found her guilty on both counts of the indictment against her. She faces a maximum sentence of 13 years in prison and a fine of \$12,000. The trial was a lengthy one.

The jury announced its verdict shortly after 2:30 p.m. E.D.T. after having her fate in its hands for almost 27 hours. It reported ready to give its decision at 2:10 p.m., 26 hours 58 minutes after it had received the case.

The jam-packed courtroom was deathly silent when the jurors began filing in at 2:33 p.m.

The former Justice Department employee was tense as she stood up to receive the verdict.

Her counsel, Archibald Palmer, announced the verdict would be appealed to the United States circuit court of appeals, and if necessary, to the Supreme Court.

Miss Coplon, 28, still faces trial in New York along with Valentine A. Gubitchev, a Russian, on espionage conspiracy charges.

Boy's Intelligent Action Saved Home From Fire He Caused

The intelligent action of a six-year-old boy, who caused the trouble in the first place, saved the home of Percy Woods, 1072 Lodge Avenue, from serious damage or destruction by fire this morning, according to Saanich firemen.

Fire Chief Joseph Law said the Woods' young son, Billy, in bed recovering from a dose of the measles, had been playing with matches and set the bed on fire.

Only occupant of the house at the time, six-year-old Billy, found the fire department number in the telephone book and turned in the alarm. In addition, the lad closed the door to keep out draft.

"It is the most amazing thing I've heard of in my 22 years' experience in fire fighting," said Chief Law.

Lieut. James Logie, who answered the telephone at No. 1 fire hall, heard a tearful voice telling how he had started a fire.

Chief Law was listening in on the extension and interrupted to ask the boy if he knew the address number. There was a quick reply, "1072 Lodge Avenue," and firemen were promptly on the scene.

Permit Travel From Capital To Western Zone

BERLIN (AP)—The Russians reversed their attitude today toward western truck traffic and permitted free travel between Berlin and the western zones.

The sudden about-face was just as unaccountable as the Russian highway sentries' conduct during the last two days.

German highway police reported at a late afternoon hour that all trucks, leaving or entering Berlin, were coasting through the Soviet checkpoints without trouble.

Earlier in the day 80 heavily-laden trucks, mostly food carriers from Frankfurt, had been stopped, their papers challenged and their cargoes seized. They were being released later, a few at a time.

Allied sources said the exciting incidents were caused by an argument between two Soviet checkpoints. This apparently was ironed out, at least temporarily, by higher Russian officials.

The Russians claimed the truckers required a Soviet signature underneath the Soviet stamp which was put on their travel orders when they crossed into the Russian zone at Helmstedt.

The British military government sent a transport official to the Berlin boundary checkpoint to investigate the new snarl in the city's commerce today.

GIVEN RECEIPTS

British authorities announced the Russians had seized 11 trucks at the checkpoint late Wednesday, escorted them to a military headquarters in the Berlin suburb, Pankow, and unloaded the cargoes, mostly perishable fruits, vegetables and fish.

The Russians then released the drivers and their empty vehicles, giving them receipts for the detained loads.

The drivers of the 80 halted trucks were advised by Soviet guards to obtain a clearance signature at the Soviet Kommandatura at Pankow, after which they would be allowed to proceed to Berlin.

70 Ships At London Tied Up By Strike Of Stevedores

Prime Minister Attlee called a cabinet meeting today to hear Labor Minister George Isaacs report on the docks dispute and the threatened new "go slow" campaign on Britain's nationalized railways. The special group

Royal and Surrey dock employees denied work on other vessels claimed that the employers' refusal to employ them unless they lifted their boycott of the Canadian ships Beaverbrae and Argomont constituted a lockout.

GAVE WARNING

Employers denied a lockout. They said they had previously warned union officials that unless the men returned to normal work on all ships no work would be offered.

An unofficial "lockout" committee formed at a meeting of several hundred dockers advised the men to present themselves for work each morning and if none was offered to demonstrate by holding meetings.

Little Community Offers Its All For Capture Of Hunted Fugitive

MISSION, B.C. (CP)—Neighbors of the Silver Hill killer, Ivar Johnson, have offered a reward for his capture—dead or alive.

Living in daily fear of their lives, they have decided to offer all they have—which isn't much financially—in an effort to avenge the lives of two of their kin and end the reign of fear.

Between them, the simple folk in the Swedish community have offered 10 chickens, a calf, \$2, an apple crop and the yield of two pear trees.

Another neighbor, Mrs. Anna Tholander, will knit a pair of

socks for the man who finds Johnson.

This reward is in addition to the \$200 offered by the municipality for capture of the 70-year-old bachelor-farmer.

Two of Johnson's neighbors, Mrs. Maria Lindberg and Mrs. Charlotte Barrett, were shot to death. The shootings climaxed a dispute over a road allowance. A twin murder charge stands against Johnson.

The organized search by police and possmen has been called off; and police believe he is either dead—a suicide in the dense forest—or has fled the district.

Edmonton Names Child Welfare Head

EDMONTON (CP)—E. S. Bishop, Toronto child welfare expert, has been appointed by the Edmonton city council to head the city's child welfare department.

The council announced Mr. Bishop would assume his new duties immediately. But he will not take over the superintendency of the department until Jan. 1, 1950, when present superintendent Frank Drayton retires.

Mill Bay Ferry May Resume Friday

Works Minister E. C. Carson said this afternoon he still hopes to have the Mill Bay ferry in operation Friday.

Out of service for several months while the wharves at both Brentwood and Mill Bay were being replaced and the ferry repaired, he said the equipment still had to be tested, but it was possible these tests could be completed today and the ferry service resumed Friday.

Bureau Predicts Sustained Level Of Business Activity In B.C.

Various indicators of economic change in the provincial economy point to a sustained level of business and industrial activity throughout the summer months of this year, the provincial Bureau of Economics and Statistics reported Wednesday in its monthly review of business activity in British Columbia.

"Employment levels have been raised in the province, largely through the initiative of large construction projects," said the bureau. "This activity should accelerate throughout the summer with prospects of a large program of private and public building, road construction, as well as extension of hydro-electric projects."

"Despite the anticipated greater employment, the number of persons unemployed will probably be greater than during the same period last year owing to a larger labor force."

The bureau reported retail sales in British Columbia of \$61,320,000 during March of this

year, an increase of more than \$14,000,000 over February of this year and a slight increase over March of last year. The increase, however, the bureau said, reflected, in a large part, the rise in prices since March of 1948.

Department store sales totaled \$9,157,900 in April, an increase of 11.4 per cent over the same month last year. Sales of motor vehicle dealers in March of this year showed a gain of 11.7 per cent over March, 1948.

The bureau reported also that retail sales of grocery and combination stores, restaurants, coal and wood dealers, drug and jewelry stores had all recorded small increases in total sales over March of last year. Variety, hardware, lumber and building material, furniture, appliance and radio stores and dealers had smaller sales during March of this year than in March of last year, while shoe and tobacco stores recorded no change for the same month.

The index of wholesale sales showed a recovery in March after falling off during the three previous months. It stood at 315.2, compared with 312.7 in March, 1948.

ELECTRIC POWER

Electric power consumption in March showed an increase of 4.8 per cent over the previous March, while life insurance sales in March of this year, up from February, were 7.6 per cent less than in March of last year.

Both exports and imports through B.C. customs ports showed gains over last year. April exports totaled more than \$40,000,000 for a 28 per cent gain, while March imports were valued at \$17,891,932, also above March of 1948.

While the retail price index, despite fractional declines in March and April, stood at 130.5 in March, just under the peak of 130.6, the wholesale price index declined in April for the fifth consecutive month although the drop was slight. It stood at 157.5 compared with a high of 159.7 in November and 148.5 in April, 1948.

"Production figures in the extractive industries are generally down over similar periods in 1948," said the bureau. "Gold production in March totaled 24,906 fine ounces compared with 27,415 in March, 1948. The value of fish landed in April equaled \$215,000 compared with \$291,000 in the same month of last year. Coal mined in April, although exceeding production in April of last year was well below February's output. The amount of timber scaled in March fell short of the last year's cut for the same period."

Pull Down Garage For Big Project

Evidence that work will be started soon on construction of the provincial government's new permanent office building at Government and Elliot Streets was seen at the City Hall Wednesday.

A permit was issued by the city building inspector to Dawson Hall Ltd., Vancouver, to demolish the old Empress Garage at the site of the building.

The Vancouver contracting firm has been awarded the contract to construct the office building at a cost of over \$1,000,000.

Duncan Carnival Big Dominion Day Feature

Queen-Elect Hilda Meuffels of Cobble Hill will be crowned Queen with all the ceremony the Duncan Dominion Day Carnival is noted for. (Photo by Mel Fletcher)

DUNCAN — Maj. Gen. George R. Peakes, V.C., M.P., will officially open the Duncan Dominion Day Carnival Friday when Miss Hilda Meuffels of Cobble Hill will be crowned "Cowichan Lumber Queen."

Miss Meuffels and four other girls, Jean Hamar, Duncan; Sonja Westwick, Honeymoon Bay; Betty Kral, Yubou, and Diane Saunders, Chemainus, were chosen by their schoolmates in the various districts. The judging for queen was under the auspices of the I.O.D.E. and conducted at the V.E.-Day dance here, when Miss Meuffels was chosen queen-elect.

A crowd of some 10,000 is expected to attend the celebrations, and a wide variety of entertainment is being provided through the efforts of the carnival committee.

After the grand parade and the crowning of the queen several events will take place throughout the afternoon. A program of children's sports, sponsored by the Elks' entertainment committee, for children up to 15 years of age. Starting at 2 o'clock and interspersed throughout the program will be the loggers' sports and competition for championship sawing and chopping, ladies' nail driving, eye-splicing and tree-climbing will be other attractions.

The Victoria Girls' Pipe Band and the Cowichan District Band will be in attendance during the afternoon, and native Indian dancing under the leadership of Mike Underwood, in native costume, will be one of the highlights.

A special tent has been erected to house Ross Mortimer and his assistants who will stage his kiddies' carnival several times during the afternoon.

At 7 o'clock a gigantic quiz and variety show will get under way at the Athletic Park. Other attractions for the afternoon and evening will be the horse show in the Agricultural Grounds, sponsored by the Cowichan Riding Club, and the film show by the Cowichan Valley Film Council.

To wind up the day's celebrations the Duncan volunteer fire department will stage a dance in the Agricultural Hall. The baseball association will stage a two days' tournament at Athletic Park, when seven games will be played to bring the activities to a close.

All proceeds from the holiday events will go toward the building of a community centre. W. G. Chappell is the general manager, with H. Peile chairman of the committee of volunteers from various organizations of the district.

Postpone Big Draw At Campbell River

CAMPBELL RIVER — The Memorial Hall quiz contest draw which was planned to take place at Campbell River July 1 has been postponed to Labor Day, when it will coincide with the Kinsmen Club loggers' sports. This was a report made by

directors of the Campbell River Memorial Recreational and Youth Centre Association who are holding the draw for the purpose of financing the erection of a \$50,000 recreational centre in this community. A draw for \$8,000 worth of prizes will be held.

Hospital Union Receives Charter

Charter of the Victoria Hospital Employees' Federal Union 371 (T.L.C.) was installed formally Wednesday night by A. Percy Rayment, secretary of the Victoria and District Trades and Labor Council, at a meeting of the union in the Labor Hall, 602 Broughton Street.

The executive of the union reported that organization was proceeding steadily, and a group of new members were initiated.

T. Gooderham, T.L.C. organizer, at the request of the members, explained the difference between a trade union and an employee association, or company union. He said a union had the support of thousands of other workers in affiliated unions and its function was to improve wages and working conditions for them. On the other hand, he said, a company union was in part a means of avoiding a regular union and was formed with the help or at least the blessing of the employer.

Formation of an employee association among lay workers at the Royal Jubilee Hospital recently was announced here.

The union appointed a committee to establish death benefits for members.

Czech Archbishops Helped Nazis In War, Says Pravda

PRAGUE (UP)—The Slovak Communist organ Pravda accused Roman Catholic bishops in eastern Czechoslovakia today of collaborating with the Nazis during the war.

The attack on Slovak bishops followed reports of an outbreak of violence against state police trying to arrest churchmen in four villages of western Slovakia, near the Moravian border.

A government spokesman declined to confirm or deny reports that martial law had been imposed for 60 hours on the region in central Czechoslovakia.

The crowds were said to have attacked police, driving them away and militiamen armed with machine guns were sent in to restore order.

Rumors of isolated violence continued to trickle in to Prague, principally from Catholic Slovakia. No Prague newspapers mentioned the disorders.

Coinciding with the reports of unrest, the Communist organ in Slovakia switched its attack from Archbishop Joseph Beran and the Vatican to the Slovakian bishops.

Referring to a Vatican excommunication move, Pravda said: "It has never before happened that the Catholic bishops interfered with any priests because they took part in a political regime. They did not interfere with priests who worked for the barbarian nazism and fascism, of which there were many examples in Slovakia during the war."

Wheat Agreement Approved By India

WASHINGTON (CP)—India will formally approve the international wheat agreement today, thereby guaranteeing that the four-year pact will go into operation in the fall.

F. M. DeMello Kamath, first secretary of the Indian embassy here, said his country's instrument of ratification would be deposited with the state department "sometime today."

India is the 14th importing country to ratify the agreement. The 38,300,000 bushels she guarantees to buy annually boosts the total importer commitment to 322,793,491 bushels—slightly more than the 320,000,000-bushel minimum requirement.

The 320,000,000 figure represents 70 per cent of the grand total agreed on when the pact was signed here in March—456,000,000 bushels.

Prices written into the pact are a maximum of \$1.80 a bushel in each of the four years and a minimum dropping 10 cents a year from \$1.50 to \$1.20.

Minneapolis Man To Run Victoria Pro Hockey Team

Appointment of Fred P. Hutchinson of Minneapolis as general manager of the new Victoria club in the Pacific Coast Professional Hockey League was announced today by Lester Patrick, owner of the local franchise. Hutchinson will resign his present position as business manager of the Minneapolis Baseball Club in the American Association and will arrive in Victoria early in August to assume his new duties.

Hutchinson, a former sports editor, boasts a wealth of executive experience both in hockey and baseball and should prove the ideal man for the new club. "Through his association with the St. Paul Hockey Club in the American Hockey League, a farm club of the New York Rangers, I have been closely

allied with Hutchinson and am pleased to have signed him as general manager of the Victoria club," Patrick said.

Hutchinson worked as business manager of the St. Paul Hockey Club in the old American Hockey Association. In 1945 he worked with Mayor John McDonough in the raising of \$43,000 for the purchase of the St. Paul Hockey Club for its present operators. The following year he took over his present job as business manager of the Minneapolis baseball club.

In 1944 Hutchinson was named executive sports editor of the St. Paul Dispatch and Pioneer Press.

The last three years he has compiled and published a baseball book "Who's Who in the American Association."

Hutchinson is 36 years of age and married.

Vishinsky Denies Russians Afraid To Release Germans

By WILLIAM N. OATIS

LONDON (AP)—Andre Y. Vishinsky, Russia's foreign minister, disagreed sharply today with Western Powers' analysis of the Paris Big Four meeting and declared Russian firmness had forced a western retreat.

Vishinsky said the agreements reached at Paris differed "seriously" from the original proposals put forward by Britain, France and the United States.

On the other hand, he added, after careful reading of the communiqué issued by the Big Four, "it is difficult to see... the basic ideas of the proposals submitted by the Soviet delegation in the council of Foreign Ministers during the very first days of its work."

In a 4,200-word statement distributed in London through the official Soviet news agency, Vishinsky differed with Dean Acheson, United States State Secretary, on the progress of the Marshall Plan and whether it was Russia or the West which wanted to give the Germans more freedom.

Acheson told a Washington press conference after his return from Paris that Russia had been put on the defensive in the struggle for Europe and was afraid to relax its iron grip on eastern Germany because the Soviets knew they would no longer be able to control the German people if they did so.

Vishinsky charged Acheson with a "groundless" assertion in saying the Russians were afraid to grant freedom to the Germans.

"How," he asked, "is one to explain the fact that both he and his western colleagues resolutely objected to all the proposals of the Soviet delegation directed precisely at restoring the unity of Germany and giving the Germans freedom in their own affairs?"

He declared the western powers "deemed it necessary to agree to four-power consultations on the German issue instead of the three-power consultations which they began to practice during the last two years, crudely violating the principles of the Potsdam agreement."

"No matter how the three western governments may try to deny this," he said, "the fact remains that the communiqué (issued by the four powers)... is drawn up in the spirit of the Soviet proposals."

He said the provisions for four-power consultations in Berlin, closer economic ties between the eastern and western zones of Germany and stimulating east-west trade were proof of his contention.

U.S. Justice Dept. Acts To Break Up Du Ponts' Empire

WASHINGTON (UP)—Attorney-General Tom Clark today filed a civil anti-trust suit against the Du Pont Company, General Motors Corp., and United States Rubber Co., which he described as being together the "largest single concentration of industrial power" in this country.

The suit was filed in a federal district court at Chicago. It also named as defendants the Christiana Securities Company and the Delaware Realty and Investment Corporation, Wilmington, and 128 members of the Du Pont family. The Christiana and Delaware Companies were described as personal holding companies of the Du Ponts.

The suit charges that the Du Pont family, through its personal holding companies, Christiana and Delaware, holds a controlling stock interest in the Du Pont Company, which in turn controls General Motors.

It said that members of the Du Pont family also hold controlling interest in the U.S. Rubber Company.

Cars were lined up for blocks and thousands of persons flocked to the affair despite adverse weather conditions.

Chest injuries were suffered by Samuel L. Jones, Keating Cross Road, in an accident at 4:15 Wednesday afternoon and he was taken to Rest Haven Hospital at Sidney by Saanich police. Officers said Jones was working on his property, clearing logs with a team of horses, when struck by one of the logs.

Oceanography Dept. To Study Pacific Planned For U.B.C.

VANCOUVER (CP)—The Pacific Ocean is going to come in for some close study in the near future.

The University of British Columbia has decided to submit plans for an institute of oceanography to the varsity senate.

The plans call for close liaison with governmental departments to "develop an intensive study of the ocean."

President N. A. M. MacKenzie said "we are glad that it seems possible to begin this work in oceanography. The study of ocean currents and the chemical, physical and biological aspects of large ocean areas has come to play an increasingly vital role in the welfare of this nation in peace as in war."

Col. H. B. Hackey and Dr. J. P. Tully, scientists with the Dominion Fisheries Board, conducted extensive oceanic studies during war service with the Canadian navy. The two men may again be prominent in the post-war study of oceanography.

Already the university is going ahead with its plans for the specialized training required in this field.

Graduate students are to be given instruction immediately, with the introductory courses to be included in the fall schedule.

Radar operators during war-time discovered large bodies of ocean water nearly impervious to radar waves. Scientists believe temperature and degree of salinity have an effect on the radar signals.

Dr. G. M. Shrum, head of the physics department, said "it is quite possible for schools of fish or other objects to lie undetected in such a body of water. There are many such areas in the Pacific."

"We want to chart them and learn how to overcome the radar problem involved."

Varied Events Across Canada During Dominion Day Week-End

By CANADIAN PRESS

Canadians will ski, swim and try to win kewpie dolls at carnivals as the Dominion celebrates its 82nd birthday with a "free holiday spirit tomorrow."

Although the weatherman says it's too early to predict week-end weather accurately, early indications are that fine weather will prevail in the east while conditions may be unsettled in the west.

A sombre note will be injected into celebrations in Newfoundland when Canada's 10th province observes Dominion Day for the first time. Islanders will recall the day in 1916 when the Royal Newfoundland regiment was decimated at the Somme.

Next Sunday is set aside as Newfoundland's day of mourning for her war dead. Defence Minister Claxton and a Canadian army band will participate in the ceremonies, which include a fly-past by R.C.A.F. Lancasters over the national memorial to the island's dead in two world wars.

Elsewhere in Canada, the July 1 holiday will be a bang-up affair. Most businesses will shut up shop Saturday, leaving the way clear for sports, fishing trips, traveling, or just plain relaxing.

Weather is the all-important factor for the summer's first extended holiday week-end, but the weatherman says it's still a little early to predict week-end weather accurately.

RACES AND SOCCER While Manitoba is emphasizing the sports angle with horse-racing and soccer, a mass exodus from cities to resorts is the order of the day in Alberta. British Columbia traffic is expected to be heavier than last year, when flood conditions prevented travel.

Holiday entertainment in Ontario will include trotting races, regattas, an Indian pow-wow at Dryden, a carnival at Port Arthur and bathing beauty contests.

In New Brunswick, the biggest celebration will be the St. Croix Valley international jubilee, a four-day program to promote

happy relations between Canadian and United States border communities. Events alternate between St. Stephen, N.B., and Calais, Maine.

St. Andrew's and Caledonian Society will hold their annual basket picnic Sunday at the Dominion Experimental Farm, Saanich. Buses leave K. of P. Hall, Cormorant Street, at 10 in the morning and return at 7 in the evening. Tea, sugar and milk will be supplied.

The bank across the street...

DID YOU EVER notice how often banks do business right across the street from their competitors? Of course it happens because of competition... because each bank tries to get into the busiest locations in town.

That certainly doesn't make things very easy for us! There are 10 chartered banks in Canada, all operating under government regulation, and with roughly the same services to sell. So the only way we can stay in business is to be on our toes at all times. That means keeping modern premises, hiring efficient, pleasant personnel, making loans wherever it is to our mutual advantage, and performing a lot of little extra services that we hope will make you like us better than the fellow across the street.

Frankly, we like it that way. Competitive banking keeps us from getting stodgy, and provides you with freedom of choice and an all-round better banking system.

SYMBOL OF LIBERTY AND UNITY

TOMORROW, FROM VANCOUVER
Island to Newfoundland—where Canadian status is still something of a novelty—our citizens will be celebrating Dominion Day. The addition of the 10th province, observing the anniversary for the first time, will add new significance geographically to the event. Now the nation which extends heraldically from sea to sea, presses beyond those limits to include not only this important island in the Pacific but also that in the Atlantic. Now, too, the bonds which hold together the once separate political entities show a greater measure of strength.

In a broad sense that measure of cohesion existing between the different peoples which make up our nation, still predominantly Anglo-Saxon and French in origin but including ever-increasing freedom-loving representatives of other lands, has been emphasized, the unity with which Canada did its job in war. In recent days Canadians have reaffirmed their confidence in the domestic and international principles which have brought new stature to their country in the changing panorama of the world. They have, in free elections, endorsed those policies that have won respect abroad and that have increased confidence at home. It is not that the administration just returned to office lays sole claim to the virtues of Canadianism. Those of opposing opinions think no less of their country. What has happened within the week has been the selection by the people—each individual Canadian who went behind the curtain to mark his or her secret ballot—of the men and methods by which they believed their nation could best continue its advance.

For our people, tomorrow will be a holiday—an occasion on which all but those engaged in essential services may do as they wish within the limits of laws provided for everyone's protection. That is something on which to think in this day when freedoms are little more than a dream to millions in less fortunate lands. Dominion Day is ours, for our own enjoyment—a reminder of an important event in our history and a symbol of the liberties we enjoy.

HIS HOPE SEEMS FORLORN

ALLEGEDLY AUTHORITY
circles in Ottawa appear to be buzzing with the idea that national Progressive Conservative leader George Drew already has begun to make his plans for a ten-year campaign to try to restore the fortunes of Canadian Toryism. This may be a noble thought. Many of those intelligent students of the political scene—regardless of their affiliations—naturally deplore the type of campaign recently waged by the former Premier of Ontario, aided and abetted by those somewhat strange influences to which no specific reference is needed.

After all, the party of which Sir John A. Macdonald was the distinguished leader, and to whose leadership plain Conservatives quite rightly still pay homage, are loath to condone the type of sectional and racial and religious dealing in which Mr. Drew indulged in his first bid for the Prime Ministership of this great Dominion. Not a few of them may begin to wonder why their chief clings to the idea that the prefix "Progressive"—the result of a previous "deal" with the defeated former Premier of Manitoba—can be fitted into the trend of solid Canadian initiative as represented by the younger folk; whose aspirations are as far away from conservatism as the North Pole is from the South. Nor is it out of place at this stage to suggest to Mr. Drew that he and those to whom he evidently looks for enlightenment readjust their sights and acquire a sound national perspective.

The Progressive Conservative leader went to Newfoundland to woo the support of the anti-confederatists for his cause. He tried a repeat performance of the Borden technique of 1911 in the province of Quebec by kow-towing to the ultra-nationalist isolationists and internment-campers of the Ancient Province. He employed every political device of which he and his Board of Strategy were capable to retain and increase the support of the wild-eyed ultra-imperialists of his own province of Ontario. He did his best to beckon the "funny-money boys" of Alberta into the composite camp in which he thought he could concoct a national brew that would stimulate him and his party followers in their appeal for ample authority to form a government after the votes had been counted last Monday.

In none of these schemes did Mr. Drew succeed. He was refused in Newfoundland, in Quebec, in Ontario, in Alberta—and he found himself lacking votes in all of the ten provinces of the Dominion. Small wonder, then, it is implied that he will require at least a full decade of reorganization and campaigning to breathe new vigor into a philosophy which seems to have no more animation than the dodo.

Why not an association to discourage the organization of other associations?

NEARING THE CRITICAL POINT?

FACED WITH THE DETERMINED

opposition that springs from strong religious conviction and a firm belief in freedom of worship, the Communist Government of Czechoslovakia is showing its true colors. As with all totalitarian regimes when the individual refuses to be cowed by the state, the Government is resorting to force. The virtual imprisonment of Archbishop Beran in his palace in Prague, his howling down by Communist hooligans when he attempted to preach recently, the issue of orders to priests to "preach on the people's democratic regime," the imposition of censorship on sermons by Roman Catholic bishops and the threat of reprisal against priests who criticize the government—all these, have been followed by more active steps. The car of a Vatican representative was forcibly entered at Kosice, in Slovakia, and attempts were made to arrest several Roman Catholic priests in villages in central Czechoslovakia.

It was the reaction to the latter incident that provides an interesting commentary on conditions in the country that for so many years represented the democratic way of life. A United Press report says that the villagers rioted for four days after beating police who tried to seize the priests. The disturbance was put down by militiamen armed with tommy-guns—the ever-present symbol of the Communist state—and martial law was proclaimed over an area of 100 square miles. According to one witness, "a lot of people were arrested."

The land of that great patriot Thomas Masaryk, and of his successor Edouard Benes, both of whom devoted their lives to the establishment of democracy, must now find itself in a sorrowful position as the totalitarian regime, inaugurated by a show of force in the "Putsch" of February, 1948, proceeds to tighten its grip. Among the 13,000,000 people now in that grip there must be many who resent and oppose the dictatorial policies of the Communists. Especially when it threatens their religion—there are 9,000,000 Roman Catholics and 1,000,000 Protestants in the country—may they show a defiant attitude to the Government. The fact that martial law had to be imposed over a sizeable area is a significant development which may indicate the approach of a critical phase in the affairs of the nation.

COUNTING CHICKENS

LAST FRIDAY'S TORONTO GLOBE AND
Mail carried a front page interpretive account of what a five-column heading described as follows: "Drew Victory Overflows, Massey Hall." And the reporter—using editorial parlance in the news columns—let himself go with these three leading paragraphs:

George Drew came home last night, home to the people who not so long ago helped bring him victory in Ontario, and who told him in a memorable rally at Massey Hall that he was destined to become the next Prime Minister of Canada.

It was a meeting in keeping with the tradition of "Tory Toronto," and the thousands who acclaimed the national leader of the Progressive Conservative Party gave him the kind of an ovation reserved for the victorious.

Mr. Drew, his voice showing the effects of his gruelling campaign across the Dominion, pledged to his audience which overflowed into a nearby hall, that he and those who would be in his government would restore responsible government to Canada.

It would be superfluous to add anything to the foregoing.

NOT TOO SATISFACTORY

A FEW DECADES AGO IT MIGHT
have been a source of gratification to the dominant male to survey the results of an election which had wiped out participation in Parliament by women members. Sober reflection of the situation created by Monday's polling can furnish no similar sentiment. This implies no criticism of the electors. They chose the candidates they wished—albeit nominating conventions left them scant choice between sexes. But in this so-called enlightened age, it would seem that a greater number of feminine voices should be raised in debate at Ottawa.

On the basis of a current unofficial report, British Columbia's Mrs. Dorothy Steeves may be the only one of her sex to attain a seat. Whatever disagreements may exist in respect of her politics, few will challenge her abilities as a debater, her alertness of mind, or the nimble quality of her humor. Mrs. Steeves, if she reaches Ottawa, will add brightness to the parliamentary scene. But it still remains a little incongruous that of the 262 representatives of about 13,000,000 people, approximately equally divided by sex, not more than one will be a woman.

It is inevitable that consideration of the matter should bring to mind that part of the United Nations Charter which bespeaks promotion and encouragement of "respect for human rights and for fundamental freedoms for all without distinction as to race, sex," etc. This does not suggest that the position of women in Canada will be prejudiced by the numerical inadequacy of feminine representation in the House of Commons at Ottawa.

On the other hand, Canadian women parliamentarians have enjoyed, for the most part, a distinguished record, regardless of party. Their contributions to the discussion of vital matters have been in no way impaired by undue femininity. They have demonstrated their right to respect in a land which has long granted to them full political equality.

Vital as is woman's contribution to the home, there are many whose particular qualifications merit expression in a less restricted forum.

MIDWIFE AMERICA

IN A VERY special sense, the exploration of the Indies is a peculiar experience for the American traveler. A great new nation is coming to birth here, that will some day be one of the strong powers of the Orient. But the delivery is grimly difficult. And the American traveler is startled to find the United States playing the vital role of midwife at this new nation's birth.

On the surface, it is curious that there should be any trouble here at all, for everyone appears to agree about what the new, free, independent Indonesian nation ought to be like.

THE DUTCH, to start with, have at last fully accepted Indonesia's right to freedom, partly in response to American diplomatic persuasion. The Dutch ask only that the new Indonesia retain some tenuous connection with the Dutch monarchy; sign a trade agreement to protect Dutch economic interests here; and grant a Dutch naval base, probably at Sourabaya. They would also like to see their technicians and administrators kept on, by invitation, to serve the new Indonesian government.

Ask any Indonesian republican what he wants, and he will say he wants the same things as the Dutch. And this is even true of the Indonesian federalists—"the men who eat cheese" as their rivals call them—who dislike the Dutch a little less than they dislike the predominant Javanese leadership of the republican movement.

THIS REPORTER asked the federalist leader, Sultan Abdul Hamid II (an astonishingly handsome dandy who suggests an Asiatic version of Lord Mountbatten of Burma) why he was still opposing the Republicans. After a moment's reflection, he replied with some surprise:

"You know, I don't think we have any differences anymore."

The sad thing is that despite this universal accord, a good many Dutchmen are still due to die at the hands of the Indonesians, and a good many Indonesians are likely to be killed by the Dutch, before there can be a final settlement. One reason is the guerrillas. All guerrillas are hard to control. Some are Communists, who loathe the Republicans. Others are led by the spell-binding demagogue Tan Malaka who calls himself a Trotskyite. A large number have become plain bandits.

BECAUSE they have trouble controlling the guerrillas, the Indonesian leaders cannot absolutely enforce a cease-fire. Thus the Dutch have an excuse—in some sense a quite honest reason—for refusing to make any settlement final. And they are tempted to avail themselves of this excuse because, for every Dutchman, there is heartbreak in the thought that the flag of the Netherlands, which has flown for 300 years over the squat forts of the Batavian seafort, is now to be hauled down. This may be a reprehensible, imperialist heartbreak, but it is genuine heartbreak all the same. And there is more than heartbreak, also. There is fear.

There is fear because, out of every 100 Dutchmen some 15 or 20 have always lived on the incalculable riches of these islands. The Indonesians may promise, and have promised, to protect Dutch economic interests. But what will happen to Holland, the Dutch ask, if the Indonesian leaders cannot control their anti-Dutch followers?

THERE IS fear too among the Indonesians. There are the suspicious fears of any colonial people, which the events of the recent past have done little to dispel. These are the reasons why previous attempts to reach a settlement have broken down, and why the Dutch and Indonesians have so often gone for each other's throats like angry dogs. Yet now at last, perhaps after some further bloodshed, a settlement really seems sure.

There are three reasons for this assurance of good results here in the Indies. The Dutch now see that this colonial war, which is costing them \$1,000,000 a day, can only lead to the destruction of all their interests here. The Indonesian Republicans have had experience of one Communist coup, which was ordered from Moscow last fall and suppressed with difficulty. They do not want to risk another. And finally, there is the American role as political midwife.

WITHOUT the United States, to see fair play between the disputants, to remove difficulties, to explain away misunderstandings, to smooth the new nation's way into the world, another disaster here would be probable if not certain. But because the United States had a rational, constructive policy here, the odds are good that in a year or so, a free-independent United States of Indonesia, with 70,000,000 people and incalculable natural wealth, will be welcomed into the family of nations. For better or for worse, the birth of such a state is certain to affect the destinies of Asia and the world. (Copyright, 1949, New York Herald Tribune Inc.)

But Still Impregnable

He's Still Off The Track

By BRUCE BOISSAT, From New York

WE DEEM it necessary to take Henry Wallace by the hand again, for he has wandered off once more into those same ideological woods that have so often swallowed him up in the past.

NO SURPRISE

This should really be no surprise. Wallace has reduced to a fine specialty the business of urging great causes while ignoring all the facts.

His newest misadventure concerns the New York trial of 11 Communists on charges of conspiring to teach and advocate overthrow of the government by force.

U.S. Judge Harold Medina recently jailed three of the defendants, one for contempt of court and the other two for violent protests against the ruling. Wallace labeled the action "shocking," a threat to American liberties and a use of the court's power to "promote injustice."

Serious charges of that nature against a highly regarded judge ought to be well-founded if they are going to be made at all. What has occurred, if anything, to warrant Wallace's blistering criticism?

To begin, these 11 defendants have been on trial nearly half

a year. In all that time both they and their lawyers have shown a continuous and obviously calculated disrespect for normal, orderly judicial processes. They shout, they rant, they heap abuse, they ignore court rulings and warnings. It is planned legal chaos.

Probably no judge ever endured more in the name of justice. Medina, a paragon of patience, has leaned over backwards to avoid severe measures. He knows the defendants have the double aim of discrediting the courts and provoking him into an error that would lead to a mistrial or a later reversal in the event of conviction.

MANY WARNINGS

Medina nevertheless has repeatedly warned the Communists to cease their deliberate disruptive tactics. Once he told a defendant that one more outburst from him meant a contempt citation.

Still the tirades went on. The showdown came when one defendant refused to answer a question put by a government lawyer. Medina ruled that the defendant, having decided to testify for himself, could not also decide what questions he would or would not answer. He cited

the man, John Gates, for contempt and sentenced him to a maximum of 30 days in jail.

It was this decision that brought the vocal storm down on Medina's head and led him to send two more defendants packing off to jail. It was this decision which Wallace said "promotes injustice."

Does it? No one questions Medina's legal right to do what he did.

We think his moral position also was strong. He had undergone contemptuous assault from the Communists and their lawyers for more than 20 weeks, without striking back. He used the power of his court only after countless warnings that he would not indefinitely endure their tactics.

STILL WRONG

By his charge, it is apparent Wallace has ignored the shambles the Communists seek to make of trial. He is saying in effect that an American court cannot protect itself against those who wish to upset its orderly determination of justice.

It seems to us Wallace is at least as far from being right as he was from capturing the presidency on election day last November.

Wigs, Eyes And Hearing Aids

From Public Opinion, London

MR. JOHN PRINCE in a searching series of articles published in the Daily Telegraph on the new Health Service says: "Hospitals are threatened with crippling cuts in their estimates, and fees to dentists and ophthalmic opticians have been reduced, but expenditure on wigs, corsets, dentures and other National Health Service issues rises steadily."

HUGE DEMAND

Some 6,000 wigs have been supplied free since the service was introduced last July. Cost varies according to type, size, color, but averages £12 a wig. Total cost to the taxpayers so far is about £72,000. It will be more yet, for demand is running at about 1,000 wigs or £12,000 a month.

The 6,000 so far distributed cover the needs of only half that number of people, for wigs are issued in duplicate. One is held in reserve to give opportunity for care and maintenance.

Embarrassing

London (Ont.) Free Press

The Australian coal strike at the present time, and in the middle of winter, is an embarrassment to the Labor government which must appeal to the people this fall. With the country without heat and light and with industry crippled it might lead to a defeat of the present government. It all goes to show that a Labor government in power does not mean an end to strikes and labor dissension.

No precise figure is available for the distribution of corsets, but it is believed to be considerable. From many different parts have come reports of the exasperation of doctors at demands by women patients for certificates for free surgical corsets. These cost between £5 and £6. Many women want brassieres as well.

In the staggering statistics of the service corsets are included among surgical appliances, of which up to the end of January 60,600 had been distributed.

OTHER ITEMS

Other items supplied up to the end of January include: Artificial eyes . . . 3,050 Artificial legs . . . 2,170 Artificial legs repaired . . . 6,390 Artificial arms . . . 400 Artificial arms repaired . . . 388 Appliances for use with artificial arms . . . 410 Invalid carriages . . . 600

Spectacles supplied to the end of January numbered 1,915,000. More than as many people again were waiting for spectacles on order, for 4,600,000 pairs had been prescribed at that date. Sight tests paid for by the state to the end of January numbered 3,560,000. By March 31 the number had grown to 5,620,000. Average delay in supplying spectacles exceeds four months.

Estimated cost this year in England and Wales is £12,420,000. Up to March 12, manufacturers had delivered 33,857 deaf aids to the Ministry of Health, from which they go to the hospitals. First application is to a general practitioner, and in one case known to me a delay of nine

months before examination by a specialist has occurred. A preliminary, very rough, estimate put the need of deaf aids at 150,000.

RENTAL TREATMENT

More than six million people have applied for dental treatment. Well over half needed complete treatment and about 1½ million of them required dentures. Up to Feb. 5 payments to dentists totaling £14½ million had been authorized. The Dental Estimates Board had authorized payment in respect of 2,710,000 forms covering complete treatment. Estimated cost of the service in England and Wales in 1949-50 is £28,204,000.

All A Part

Ottawa Journal

British food prices are lower than here. But they are only lower because of state subsidies which take more than a billion dollars annually from the people's pockets in taxes in order to keep them low. It can't be much comfort to any Briton to save on the price of his meat or butter and bread and then have to hand over to the tax collector whatever it is he has saved. Yet that, precisely, is what Britons are doing. For all that they get in the way of cheaper food and other things, including health services, they pay to the State through the nose. If their paying isn't a part of their cost of living, then we don't know what the cost of living is about.

By DEWITT MACKENZIE
Associated Press News Analyst

THE world-wide ideological conflict between communism and democracy, involving a life and death struggle between religion and the Red "ism," is intensifying. We have reached a crucial period.

The warfare is particularly tense in central and eastern Europe, where Moscow is striking fiercely at anti-Red elements in an effort to consolidate the Soviet gains. However, the tempo also is swelling rapidly in the western democracies, which finally have admitted that communism isn't susceptible to compromise. The Orient is torn with strife in which communism is heavily involved.

The tensest drama is being staged in Czechoslovakia. There the Communist government, charging the Roman Catholic Church with subversive activities, is striking hard. Roman Catholic informants say the government has seized virtually all church consistories in the country. Many priests are reported to have been arrested. Archbishop Joseph Beran is virtually a prisoner in his palace in Prague.

HOOR OF TRIAL

The archbishop has managed to get a message to Czechoslovakia's 9,000,000 Roman Catholics saying that the "hour of trial" may be at hand and that if necessary they "must be prepared to follow the hard path of the Christian martyrs." The country's Protestant minority is reported preparing to support its traditional antagonist—the Roman Catholic Church—in the latter's fight for survival.

Dean Acheson, United States state secretary, has denounced the attacks of the Communist-led regime in Czechoslovakia on Archbishop Beran as a violation of the "rights of conscience and the decencies of civilization."

The situation in Czechoslovakia is similar to what happened in Hungary, where Cardinal Mindszenty was charged with plotting against the republic. He was tried and condemned to life imprisonment.

The troubles of unhappy Hungary continue. Her Communist leader, Matyas Rakosi, a few days ago stated in Prague that 200,000 Hungarian Communist Party members have been expelled in a purge of "spies and provocateurs." Rakosi added that he is waging a "campaign of destruction with an iron hand" against dissidents still in the party.

OTHER RELIGIOUS TROUBLES

Other satellite countries are having their religious troubles, including Romania, Bulgaria and Poland. That's not strange in view of Moscow's edict that there shall be no interference with the campaign of anti-religious propaganda.

While all this is going on in the satellite countries, a less sensational but effective housecleaning is being carried on by the democracies. Communism has lost ground in elections in Italy, France, the Netherlands and Belgium. And recently Britain's ruling Socialist Party ordered its membership of more than 5,000,000 to purge itself of any fellow-traveling with Communists.

In the United States the ideological problem finally is being ironed out. Attorney-General Tom Clark said in a recent interview:

"Communists in the United States are on the run, as a threat to government, as an influence in labor, or as a political party." However, while we get this report from the United States we look across the world at China and see communism sweeping that huge country which houses more than a fifth of the globe's population, the battle is far from finished and this is no time for complacency.

HOME BUILDERS ALL

Ottawa Citizen

Most men believe they can do things with their hands. Certainly, almost all would like to. No little part of the romantic story of the North American pioneers was their ability to build their own homes. There is therefore a glamorous quality in the Philadelphia tale of a housing project in which part of the price will be met by the labor of the householders themselves. The plan, sponsored by the American Friends Service Committee, involves the reconstruction of a row of slum houses by the occupants. To this end, the committee is already training them in carpentry and other crafts.

Oak Bay Playgrounds Open Monday For Summer Season

Oak Bay Playgrounds Committee has made final arrangements for the summer program at the playgrounds with official openings to take place Monday morning at 10 at Willows Beach Park and in the afternoon at 2 at Windsor Park.

Parents are invited to attend with their children. Registration will take place.

A program of fun and activity, planned to interest boys and girls from four to 14 years of age, includes woodwork, clay modeling, finger painting, shellcraft, flower arranging, folk dancing, tumbling, softball, volleyball, basketball, shuffleboard, rhythm band, play-acting and story-telling.

PLAN WEEKLY VISITS

Visits to places of special interest, such as the Oak Bay Fire-hall, have been planned for each week. Special events will take place at each park. A schedule

of interpark ball games is being drawn up. There will be tournaments in checkers and croquet.

Supervisors and assistants have been taking an intensive course in woodworking, the most popular activity on the playground, under J. Filtness. They also have taken advantage of the handcraft classes sponsored by the Recreation Council of Greater Victoria.

A competent staff has been appointed by the Oak Bay Playground Committee.

SUPERVISING PLAYGROUNDS

Supervising Willows Beach Park will be Mrs. L. J. Clark, assisted by Miss Therell Lipsey and Miss Enid Aubel. Mrs. F. E. Goodspeed is looking after games, tumbling and folk-dancing.

At Windsor Park, Miss Orpha Hunt will be assisted by Miss Kay Angus and Miss Barbara Rose. Games, tumbling and folk dancing will be taught by Miss Mary Tucker.

At both playgrounds the play-acting will be in the hands of Mrs. F. D. Mulholland.

The Victoria Public Library again is supplying each playground with books to interest all ages.

A delegation of parents, representing Lafayette Park area, have asked for a playground to be established, and this will be opened July 11, to run for four weeks, five mornings a week, from 9.30 until 11.30. The committee will provide a supervisor, but parents are asked to assist.

Canadian Trade Index Covers Wide Field

Fourteen thousand copies of the 1949 edition of Canadian Trade Index, which is published by the Canadian Manufacturers Association, have been distributed in this country and to government trade commissioners throughout the world. Its purpose is to develop Canadian industry, commerce and external trade, according to M. Farnon, manager of the Victoria and Island branch of the association.

The index is national in scope, both members of the Canadian Manufacturers' Association and manufacturing firms that are not members but are considered eligible for inclusion being listed. It includes an alphabetical list of approximately 10,000 manufacturing firms with addresses, branches, brands and trade names, cable addresses and foreign representatives, and a classified list of thousands of industrial products with the names of firms manufacturing them.

It also includes a special export section giving basic information in regard to government services, foreign trade controls, methods, financing and price quotations.

All copies include a French index of products, and there are limited editions which include a French and Spanish index of products, and a French and Portuguese index of products.

Shirley Cup Won At Salt Spring

GANGES—The Shirley Cup was won by Mrs. D. T. Marpole and D. Winteringham, in a golf tournament played this week on the course at Central Settlement, Salt Spring Island.

Runners-up were Mrs. B. Wilson and T. Napier. A special prize, donated by the owners of the club, Mr. and Mrs. J. Brooks and N. Degnen, was won by Mrs. T. Lang and W. K. Wickens.

Refreshments were served in the clubhouse and the prizes presented to the winners by Mrs. J. Brooks and V. Case-Morris. Interclub games for the White Cup have been played this week, the first round being won by Salt Spring Island. Competing for this cup are the clubs of the Gulf Islands and Saanich. The second round will be played at Ardmore golf course.

Plan Bowling Alley In Bus Firm Building

Victoria is to have another bowling alley.

Permit was issued by city building inspector Wednesday for \$26,000 remodeling of the former Blue Line Transit Company bus garage at 946 Yates Street into a 10-lane recreation centre.

The building is at the north-west corner of Yates and Vancouver Streets.

Permit was taken out by John Carlson, a Vancouver man.

Plans for the remodeling of the building were drawn up by the architectural firm of Birley, Wade and Stockhill.

Six Trips Daily Now Between Nanaimo, Vancouver By C.P.R.

Two additional trips between Vancouver and Nanaimo were introduced Wednesday by Canadian Pacific Steamships as the summer schedule for this route went into effect. There are now six round trips daily between the two points for the first time in the history of the service.

The Princesses Joan and Elizabeth will alternate on one of the new services, and the Princesses Marguerite and Patricia will handle the other.

A feature of the run leaving Vancouver at 7.15 in the evening is a night layover at Nanaimo. Passengers taking the return morning trip out of Nanaimo may board the Princess Marguerite or Patricia the night before departure and receive accommodation.

With the introduction of the new services, a total of 400 cars can be handled daily each way between the mainland and Vancouver Island by Canadian Pacific ships.

Eagles' Chief Feted Here

Fred Rockett, left, president of Victoria Eagles' Aerle No. 12, greets international president DeVere Watson on arrival Wednesday evening.

The leader of 1,300,000 North American lodgemen was an overnight visitor in Victoria.

DeVere Watson, grand worthy president of the Fraternal Order of Eagles, arrived aboard the Mv. Chinook at 5.30 last evening, was feted by his 3,000 fraternal brothers in the city at a ceremony in the Eagle's Home on View Street, and was off again this morning on his way to Seattle.

A big man—he stands well over six feet and appears to weigh over 200—was easily recognized by local Eagle officials on hand to greet him.

During a short interview with press representatives, he spoke in a deep, booming voice with an unmistakable Iowa drawl.

He apologized for not volunteering any information but expressed a willingness to answer any questions put to him.

"I should know something about this," he told interviewers. "I've raised all my family to be newspaper people or teachers."

Mr. Watson has a family of seven. His three sons work for newspapers. His three grown daughters are school teachers and a fourth is a student at the University of Iowa, training to be one.

SENATOR—LAWYER

While known internationally as head of the Eagles, Mr. Watson is best known in his own state as a leading Republican member of the state senate. And in his home town, the city of Council Bluffs, is reported by fellow citizens as an eminent lawyer.

A member of the Fraternal Order of Eagles for 40 years, he was chosen president one year ago.

He is convinced that such organizations as his own are a credit to the countries in which they function and is willing to argue with anyone who says they aren't.

"It's a wonderful thing to know how to fraternize," he declared. "We in Canada and the United States know how. That, in fact, is one of main differences

Uphill Complains

Tom Uphill, veteran Labor member of the provincial Legislature, said here Wednesday he is considering laying charges under the Provincial Elections Act in connection with the conduct of the June 15 provincial general election in his riding, Fernie.

In Victoria Wednesday Mr. Uphill conferred with officials of the attorney-general's department in connection with his complaints. He said that he would file a formal complaint to the government over the election.

While at the moment Mr. Uphill holds a slight lead over his Coalition opponent in Fernie, there are yet to be counted some absentee votes. The final count will be conducted next week.

Say Boards' Powers In B.C. Too Wide

HARRISON HOT SPRINGS
(CP)—Members of the British Columbia section of the Canadian Bar Association have gone on record as opposed to the wide powers given government boards—both federal and provincial.

The organization at its annual meeting here Wednesday heard a report on civil liberties from A. C. Deshray of Vancouver urging that the Attorney-General be asked to review B.C. statutes which give government boards "such wide powers as to deprive the subject of his right of appeal to the courts."

C. M. O'Brien, K.C., said there are 100 statutes in force in B.C. which limit the citizen's right of appeal.

Strolling Cougar Now On Display

SIDNEY—Body of the seven-foot "strolling cougar" of Sidney district was on display today next door to the tourist bureau here.

Constable Joseph Gibault killed the cougar, a young male, with a single shot from a 30.30, just 40 minutes after it first "sat down" on the lawn of a Bayview Road residence. Cross bloodhound, Kentucky con blood dog, Gypsy and Tuckey, owned by Game Warden J. Jones, treed the animal. The kill marked the end of a hunt that had taken the warden out on the cougar's trail on three different occasions.

Duncan Couple Motor To Glacier National Park

The ceremony in Duncan United Church Saturday evening linked families in this city and up-island, when vows were exchanged by Jean Marie Fleetwood, only daughter of Mr. and Mrs. W. J. H. Fleetwood, Riverside Road, Cowichan Station, and Jack Skerthly, only son of Mr. and Mrs. D. B. Skerthly, 1177 Chapman Street, Victoria, Rev. F. H. Gollightly officiated.

The couple are motoring to northern Alberta and Glacier National Park, Montana, on honeymoon, and on return will live at Richards Trail, Duncan.

The petite bride entered the church on her father's arm. Her white bridal gown was cut on princess lines, with fitted bodice, lily point sleeves and hooped skirt fashioned of alternate godets of lace and satin. Her veil of embroidered net cascaded from a tiara of seed pearls and she carried a shower bouquet of red roses and fern. Her only ornament was a nugget brooch belonging to her mother.

Miss Jean Lowe, Duncan, as bridesmaid, was frocked in mauve taffeta with bouffant skirt. Miss Judy de Lure, small daughter of Mr. and Mrs. C. J. de Lure, Victoria, was flower girl. She wore a Kate Greenaway frock of apple mint green taffeta.

Clifford Ross was best man. Ushers were Clarence Ross and Edwin Whittaker, Cowichan Bay, for 100 guests. George Whittaker, Edwin Whittaker, Cowichan Station.

A reception was held at Anchor Cafe, Cowichan Bay, for 100 guests. George Whittaker proposed the bride's toast.

For travelling, the bride chose a smoke-blue gabardine suit, and navy and white accessories.

Fete Planned—July 8 was chosen as the date for the annual garden fete, at a meeting of St. Mary's Church Guild, at the home of Misses Gladys and Cree Shaw, Fulford Harbor, South Salt Spring Island. Mrs. C. Ley presided and the following stall holders were named for the fete: Miss G. Shaw, tea convener; Mrs. J. Bryant, home produce; Mrs. A. Davis, needlework; Mrs. E. Forsen, candy; Mrs. C. Ley, bargains; Mrs. H. Price, home cooking; Mrs. M. White, ice cream. Other attractions will be darts, nail driving, bean dip and guessing the weight of a cake. It was decided to have the floor of St. Mary's Church repaired and sanded. Tea hostesses were Mrs. Price and Mrs. Ley.

Personal Notes

At a christening ceremony Sunday morning in Fairfield United Church, the infant daughter of Mr. and Mrs. John Pepper received the names Constance Jean. The baby wore a christening robe of white embroidery that had been worn by her paternal grandmother previously. Rev. William Allen officiated. A luncheon followed at the Pepper home, 1804 Qamichan Avenue. Guests included Rev. and Mrs. Allen, Mr. and Mrs. C. G. Pepper, paternal grandparents; Mr. and Mrs. A. G. Miller, maternal grandparents; Miss Margaret Pepper, Miss Norma Williamson and Miss Coleen Mout.

Miss Goldie Rollins, a bride-elect of this week, was honored recently at a luncheon in the dining-room of the T. Eaton Co. Ltd., by her co-workers of the mechanical tabulation branch, Department of Vital Statistics. On arrival, the guest of honor was presented with a corsage bouquet and gift of silver. Those present were Mrs. Elizabeth Kirk-Owen and the Misses Pat Gammond, Shirley Hamilton, Mary Helmecken, Naney Lardner, Peggy McDonald, Ella Parish, Eleanor Watson, Chrissie Watt and Lillias Wells.

Sixth Summer Session For Garden Library

Mrs. W. W. McGill, director of the Children's Garden Library, in the doorway of the Book House at 1170 Tattersall Drive where summer garden sessions are held. With her are, left to right, Mrs. Frances Thompson, appointed nurse on duty; Mrs. Margaret Ralph, pianist and group leader; and Mrs. Gisela Bialuski, wife of the executive director of the Community Chest welfare council, who will lead some of the mothers' discussion groups. These are just three of a staff of more than 20 volunteer workers who will assist in the summer project.

The summer session of Children's Garden Library commences on July 4 and continues each Monday, Wednesday and Friday morning, throughout July.

It is open to all children between the ages of three and eight.

In garden surroundings these children learn through play and work with others, what it means to be a good small citizen and how to live in a friendly, thoughtful manner.

There is worship time, story time, expressive activities time, singing games, action songs, dramatization, treats time, music appreciation time and during the month a beauty booster parade which is planned to teach pride in keeping the community neat and attractive.

While the children learn to live by playing and working with others of their own age, mothers may join discussion and study groups in the same large garden, with trained leaders in parent education.

This year's theme for children is "Our Homes Happy Places in a Friendly Neighborhood and World" and the mother discussion theme is "Joyous Family Living."

In six years the children's garden library has been operating volunteer leaders from many parts of the world have given assistance in special phases of the work.

This year's leaders and assistants with Mrs. McGill and the three leaders pictured above are Mrs. Kathleen Hilton, assistant director and song leader, who has been with the project since its inception; Mrs. E. G. Pelter, dancing teacher; Miss Audrey

Auger, art director; Dr. Louise Clement, Bremerton, Miss E. Mary Colebrook, London, Eng., and Mrs. Amelia Falls, Ocean Falls, mothers study group leaders; Misses Trudabeth McGill and Rosalie Harris, Mesdames Grace Eckman, Edith Webster, Kathleen Knott, Dorothy McFarland, Juanita McKay, Loretha Holdridge, Ruth Horrell, Jean Dennison, Mary Davies, Ida Leeson, Alice Young, K. Gragam, Victoria; Mesdames Dorothy Rudland and Irene Griffin, Vancouver, children's leaders; Mesdames Margaret Smith, Olive Ross, Beverley Lough and Margaret Adam, part-time leaders.

Garden Tea, Sale Realizes \$150

Mrs. H. D. Parizeau, president, and Mrs. E. R. V. Cuppage, general convener, welcomed guests to the outdoor party held by Sir Matthew Baillie Begbie Chapter, I.O.D.E., Tuesday afternoon at the home of Dr. and Mrs. T. W. A. Gray, 1745 Rockland Avenue. Officially opened by Mrs. J. L. Ford, municipal regent, the affair realized \$150.

Shaded pink roses centred the main tea table, where Miss Kathleen Agnew, Mrs. T. Lumsden,

Mrs. F. E. Dowdall and Mrs. C. L. Bishop presided. Mrs. B. Jacklin, assisted by her committee, was in charge of tea arrangements and Mrs. J. Bromley and Mrs. F. Hughes assisted in serving.

Those in charge of stalls, games and receipts were Mesdames J. W. Gilliam, B. Brown, E. Dakers, R. Murphy, B. Tyrrell, J. Bleasdale, J. A. Cox, A. Malcolm, G. Warner, R. Mackie, Lunney and Miss E. King. Pupils of Mrs. Costain's entertained with Scottish and other dances.

"Try this Easy Recipe for a really luscious cake"

says Martha Logan

WILD ROSE CAKE

Preparation: Have all ingredients at room temperature. Pre-heat oven and set at 375°F. Line bottoms of two 9-inch layer or three 8-inch layer cake pans with waxed paper.

Ingredients: (Use standard, level measures)
1/2 cup Swift's 1 tsp. salt
2 1/2 cups sifted cake flour 1 1/2 cups sugar
Be sure to sift flour before measuring. Spoon lightly into cup 1 tsp. vanilla
5/4 cups single-acting baking powder (or 4 tps. double-acting)

Step 1: Place Swift's in bowl. Sift together flour, baking powder, salt and sugar into bowl. Add 1/2 cup milk and vanilla. Beat 2 minutes on medium speed of

electric mixer, or by hand, using 150 strokes per minute. Keep scraping batter off sides and bottom of mixer bowl with rubber scraper.

Step 2: Add 4 unbeaten egg whites, and 1/4 cup milk. Beat for 2 additional minutes. Scrape bowl and beaters. Pour equal amounts of batter into prepared cake pans. Bake about 28 minutes. When cake is done it will spring back quickly when pressed by the finger. Cool on cake rack 30 minutes; loosen sides carefully with spatula, invert on rack, remove pans. When thoroughly cool, fill and frost.

Savory Cream Frosting: Cream 1/4 cup Swift's until soft and fluffy. Beat in 1/4 tsp. salt and 1 tsp. vanilla. Add 1/4 cups sifted confectioners' sugar gradually, alternating with 1 tsp. hot milk. Beat until smooth and creamy.

For wild rose flowers, cut very thin slices from large round pink gum drops, using a sharp knife dipped in hot water. Allow 3 petals for each flower. Arrange flowers on top of cake. Use yellow tinted shredded coconut for centre of flower. Place green tinted shredded coconut around the sides of the cake. To tint coconut: To each cup of moist coconut, add 1 tablespoon water mixed with two drops food colouring and stir briskly with a fork until coconut is evenly tinted.

FUNNY BUSINESS

"I'll have the filet mignon—there's plenty of time for club sandwiches after we're married!"

"Oh, Waldo, you didn't! And after all the trouble I had setting it!"

In First Half Of 1949 Business Continued At High Peak

By FORBES RHUDE
Canadian Press Business Editor

Business continued at a high peak in the first half of this year, rivaling the record figures of 1948.

Rumblings of a recession in the United States had only slight echoes in Canada.

True, competition was keener and it took more effort and promotion than a year ago to make the same sales, but for most firms the sales still were being made and there remained a big

back-log of personal savings in the country.

Though the situation has remained good, there is apprehension about the coming months, particularly the falling-off of exports to many countries, and financial difficulties in Britain. It has been regarded as almost axiomatic, too, that trends in the United States after a time-lag will be followed here.

An encouraging fact is that most observers regard the American situation as simply a readjustment from war and post-

war boom conditions and many forecast an upturn in business there by early next year. In fact there already are signs of an upturn in some lines, with others probably still having a way to go on the downward path. If, indeed, the United States is through the worst part of its change-over, the effect may be felt here only slightly.

For one thing, conditions there at the peak were more hectic than here, and there is more readjustment to be done; similarly, their actions are inclined to be more drastic at any sign of danger and they are perhaps inclined to take their losses faster. This sometimes adds up to a picture which exaggerates the real situation.

For another thing, Canada

hasn't altogether caught up with war and postwar shortages, particularly in housing. And we are fortunate enough to have a number of factors shooting new money into the economy and sending a stimulation into all lines.

NEW FIELDS

New industries are coming into being, such as television, and a strong demand for higher standards of living which could send conditions off on a new boom within a year or so.

One of the factors perhaps most often overlooked is the high percentage increase in Canada's population, and the increase in consumption. The Bank of Montreal recently commented:

"Allowing for price changes,

it would appear, in real terms, that the per capita consumption of goods and services in Canada last year was something approaching 50 per cent greater than in 1948."

Altogether, the 1949 prospects looked good in January, and they still look good.

C.P.R. Net Earnings

MONTREAL (CP)—The Canadian Pacific Railway Wednesday reported net earnings were down \$430,382 at \$854,105 for May against \$1,284,487 for the corresponding month last year.

For the five months of this year the cumulative gross earnings rose \$12,883,073, but net earnings were down, while operating expenses jumped.

DiMaggio Has Second Big Day For Yanks

The same old Joe DiMaggio! Three home runs in two days, six runs batted in and a .500 batting average. That's the stuff that made a \$90,000 salary.

DiMag's ailing heel may slice a few yards off his private acre in centre-field but he's still Mr. Big with the bat. Ten weeks of fretting in street clothes while his mates led the American League didn't dull his batting eye—at least not in Boston.

Big Joe electrified a giant-sized Tuesday-night crowd with a homer and single in his first league appearance since he limped off that same Boston field last October.

That was only the beginning. Yesterday he hammered two homers, one with two men on base, drove in four runs and personally accounted for the Yanks' 9 to 7 edge over the Red Sox.

That was the big series for the Sox. They had climbed to within five games of the Yanks. A series sweep and they would have been up there knocking on the door. Instead they trail the Yanks by seven games and are back in the second division. Joe D. is the man responsible.

GREAT COMEBACK

Cleveland averted disaster with a six-run rally in the last of the ninth inning to down Detroit 8 to 7 in a night game after they were shut out 4 to 0 by Hal Newhouse in the twilight opener of a doubleheader.

Bobby Feller let down the sweltering crowd of 65,243 when the Tigers knocked him out in a seven-run fifth-inning. But the Tribe bounced back to win for reliever Steve Gromek when pinch-hitter Bob Lemon doubled off Dizzy Trout with the bases loaded in the last of the ninth.

Carl Scheib finally got himself untracked, breaking a six-game losing streak with a 7 to 4 edge for Philadelphia over Washington. The result kept the second-place A's four and a half games behind the Yanks.

Ned Garver edged Walt Pierce in a tight duel as St. Louis Browns knocked off Chicago White Sox 1 to 0. Dick Kokos' eight-inning single broke the scoreless tie.

Brooklyn and St. Louis kept in step in the hot National League chase as the Dodgers protected their one-game margin by defeating the Phillies 5 to 1. The Cards clung to their heels by bouncing Chicago 7 to 4.

Ralph Branca let hit the Phils with five hits to tie the 10-win mark.

Ralph Kiner had a big day for Pittsburgh with a double and a bases-loaded home run in their 7 to 3 romp over Cincinnati. It was Kiner's second grand slam of the year, both against the Reds, and the fourth of his big league career.

Field Turns For Home

Diviner, on the pole, with jockey Eddie Arcaro, leads field as first four horses turn into the stretch almost in unison at New York's Aqueduct race course. At the finish it was still Diviner, followed by Thermic, on outside, Warren Mehrens up; and Grandma G., ridden by Gordon Gilson. Thriller, 10, Eric Guerin aboard, faded to seventh in six-furlong claiming race.

Will Attempt Reorganization Of Victoria United Soccer Club

By a big majority it was decided last night that the Victoria United Football Club should be kept in existence, and that efforts should be made to secure its readmittance next season to the Pacific Coast League.

Over 30 sportsmen attended an open meeting in the Douglas Hotel. Don McDiarmid, last season's president of the club, was in the chair, assisted by players Red McMillan and Dave Huggins.

All three affirmed that last season's players were willing to continue to lend their support both off and on the field.

In the discussion it was revealed that to all practical purposes the Victoria United Club did not exist. It was admitted that at last week's meeting of the players, the existing funds of the club had been disbursed.

NAME COMMITTEE
The meeting then appointed a

temporary committee to consider ways and means of reorganizing the club, and to seek backing and financial support for the United's entry into the Coast League next season.

The following were elected from those present: Don McDiarmid, Percy Payne, C. Faulkner, Jack Shanks, Sam Maguire, Harold Singleton and Harry Young.

The committee will hold its first meeting in the British Public Schools Club on Monday evening at 8.

Neary, at the conclusion, stated that if the committee succeeded in its purpose it would have the good wishes and support of the Legion Club, despite the fact that they were still willing to step into the breach if need be.

Portland Car Will Race At Langford Saturday Night

Appearance of a new car from Portland owned by W. E. Sich will mark Saturday night's auto racing program at the Langford Speedway. The car, carrying No. 18 on its tail, is equipped with an eight-cylinder Mercury block with plenty of hot racing equipment built in.

Jack Murray, Portland, who has gained fame in hot rod racing, will be at the wheel of the Oregon entry.

The stock car race scheduled for last Saturday's meeting which was rained out, will go on this week. Promoter Bruce Passmore reports that the cars are standard, jobs comprising models from 1940 to 1928. They will race in a 15-lap event. Any owners or drivers wishing to compete in this race are asked to contact Passmore at G 7512.

Passmore has been the last couple of days handing out cigars on the arrival of a baby daughter.

Decide Canadian Junior Swim Titles At Vancouver Trials

VANCOUVER (CP)—Eight national junior championships will be held in conjunction with the British Empire Games swimming trials, to be held at Vancouver July 26, 27 and 28.

Games officials said today they decided to allow the juniors to swim alongside seniors during the trials.

Junior events will be the 100-yard backstroke, breaststroke and freestyle plus the medley relay for girls and boys.

Any sensational times recorded in these events will be given every consideration for a berth on Canada's squad to the games in New Zealand.

Reason for the juniors' inclusion in the trials is that there hasn't been a national title meet for the youngsters in years. They were sidetracked last summer for the Olympic Games trials held in eastern Canada.

HOLIDAY BOWLING
The Victoria West Lawn Bowling Club will hold two holiday games tomorrow. Visitors will be welcome. The afternoon game will start at 2:15 and the evening at 7:15.

UPLANDS GOLF
In the twilight mixed foursomes held at the Uplands Golf Club this week, Mr. and Mrs. Ralph Purves were net winners with 66. Mr. and Mrs. Gordon Verley had low gross with an 81. Twenty couples took part.

Junior Jokers Rally For First Win Over Pro Patria

As calibre of play in the local junior box league continued to improve at Stevenson Park last night, Selkirk Jokers gave forceful notice they are a squad to be reckoned with in spite of two defeats earlier in the season by Pro Patria as they staged a second-half rally to nip the latter, 9 to 8.

With goalie Wayne Henderson looking better every time out, Jokers came through with some offensive power to overcome a 5 to 4 half-time deficit and hold their opponents to single goals in the third and fourth cantos while getting a pair in each themselves.

Winners played with only three spares throughout the contest.

Alan Husband sagged the hemp for what proved to be the winning marker at the 11-minute mark of the fourth stanza on a pass from Rob Day.

Husband and Chick Geisser each scored two goals and added an assist apiece, while Gerry Stark garnered a singleton and assisted on two others for winners.

For Pro Patria Evan Oakley, Norm Kowalyk and Bill Bamford each notched a brace of counters, and Bud Leonard got a like number of assists.

EARLY LEAD
In the first quarter it looked as though Pro Patria were going to make it three straight victories as they ran up a 3 to 0 lead. They increased it to 4 to 0 before the Jokers' offensive power cut loose for three goals in succession. Half-time score read 5 to 4 for losers.

Ray Carter, Pro Patria net-minder, turned in another steady performance, but failed to get enough support from his defence-men and his forwards were unable to get loose for needed goals at the other end.

PALACES WIN
In a juvenile preliminary, Palace News staged off a six-goal fourth-quarter rally by Beavers to gain a narrow 9 to 8 triumph.

Teams and scores follow:
Pro Patria—Carter, Merriman, L. Oakley, McLean, Douglas, Stewart, Leonard, Simpson, 1; Jewell, Bamford, 2; E. Oakley, 3; Kowalyk—Henderson, 2; Sene, 1; Husband, 2; Hardy, Geisser, 2; Wells, 1; W. Hudson, 1; Olson, 1; Tilton, 1.

Stop-Gap Buccola Gets Hill Help In Twin Win

By PETE SALLAWAY

DISMISSAL OF TED Norbert as manager of the Victoria Athletics came as no surprise to the writer. For the past month big Ted had two strikes on him. His only salvation would have been a healthy winning streak and when it was not forthcoming Norbert had to go. Firing of the manager of a losing ball club in mid-season is nothing new in baseball. It happens in the majors. When a club goes bad the manager takes the blame regardless of the merits of the players. Then again the feeling is that a new manager often injects new life into a team and usually acts as a stimulant to attendance.

ACCORDING TO information received from Tacoma Norbert was not too surprised at being told he was being replaced. In talks with Ted in recent weeks I had the feeling he was a worried individual. Like all managers Norbert found no pleasure at being associated with a losing club. In all fairness to Norbert one cannot put the entire blame on him for the present plight of the Victoria club. Although I don't think he got the best out of the material he had at his disposal there is room for plenty of bolstering in the present club. Norbert's biggest weakness as a manager was in his inability to organize his pitching staff. He never seemed able to make up his mind as to his starting pitchers with the result, the mound corps was in a continual upheaval.

WHAT DEGREE OF success Norbert's successor, Earl Bolyard, will experience only time will tell. From reports reaching the writer Bolyard is said to be the driving type of manager. That in itself will be a change as Norbert does not rate in that category. Bolyard boasts plenty of minor league experience as a player and cannot be classed as a rookie from a managerial viewpoint. However, a new manager is not the entire answer to the A's problems. Some first-class player help is needed immediately.

Vic Buccola, who now finds himself in charge of the dubious destinies of the Victoria Athletics pending the arrival of their new pilot, Earl Bolyard, from Norfolk, Va., appears to be handling his stop-gap assignment like a born gap-stopper.

Under the guidance of the suddenly promoted first baseman, the A's turned abruptly last night from their old life of acting as the "cousins" of the W.L.L. and hung 5 to 2 and 6 to 2 defeats on the Tacoma Tigers.

NO. 5 FOR PROPT

Jim Propt sunk the Tigers on four hits in the seven-inning opener and Larry Ward, striking out 12 Tigers, curve-balled his way to a six-hitter in the regulation nightcap.

The A's moved into a 1 to 0 lead in the first inning of the first game and then sewed it up on four unearned runs in the fourth off Ray Fortier. Tacoma scored single runs in the fifth and sixth innings.

Charlie Bellasi, Frank Matoh and Propt each got two hits with Russ Walseth driving home two runs with his only hit of the game.

Propt whiffed seven in notching his fifth win of the year against two defeats.

MATCH HOMERS

Matoh gave Ward a two-run lead in the first frame of the second game when he followed Bellasi's single with a 380-foot homer over the leftfield fence.

A single by Gil McDougald, a triple by catcher Bob Day and a single by Ray Jacobs gave the A's another brace in the fourth and they added single runs in the eighth and ninth to make Ward's classy hill job a little easier.

Eddie Barr hammered one out of the park for the Tigers in the fourth with the score empty. Ward gave up his other run in the eighth.

Tonight the A's return home opening a four-game series with Bremerton Bluejackets under the arcs at 8.

MORNING GAME

The July 1 double-header tomorrow will see the clubs meeting in the morning game at 10:30 and an evening attraction at 8.

John Marshall, winner of 14 games for the Jackets, will likely get the starting assignment for the Jackets with Pete Vucurevich due to work for the Athletics.

Dewey Soriano, president of the league-leading Yakima Bears, threw away his pen for the evening and tossed a five-hit shut-out over the Wenatchee Chiefs for his 12th victory of the campaign. He drove in the Bears' first tally with a third-inning double.

SPOKANE CLIMBING

Skeet-Trap Week-End Tourney Features Sportsmen's Menu; Junior Derby Sunday

By ROY THORSEN
Some out-of-town shooters were brushing up on their trap and skeet shooting today and others were pouring into town by boat and plane from mainland and U.S. points to participate in the big three-day championship tournament opening tomorrow at 9 at the Albert Head Road grounds of the Victoria Gun Club.

Featured by the B.C. trap championships and the island skeet title competitions, the week-end show is expected to attract a record entry of crack marksmen in the Pacific Northwest.

Club recently equipped its clubhouse with electricity and has built an addition for facilities to provide refreshments for competitors and the public.

Secretary Roger Monteith said that ammunition and target supplies are ample and he figures about 34,000 of each will be used before the tourney closes with

the prize presentation Sunday at 5.

JUNIORS FISH SUNDAY

Second attraction of the week-end will be the junior derby of the Victoria-Saanich Inlet Anglers' Association in the Inlet Sunday. Fishing starts at 6 and closes at 4 in the afternoon with the prize-giving at the Anchorage, Brentwood. Boys and girls lacking transportation to the fishing grounds are asked to be at the City Hall at 5.15 Sunday morning. Derby is open to members from 10 to 17 years.

LIKES DERBY PRIZES

The \$1,200 show of prizes for the monster public salmon derby sponsored by the Times and the V.S.I.A.A. on behalf of the Solarium this week attracted plenty of interest in the show window of Cy Bernard's. They will be switched to Roger Monteith's Fort Street window Saturday for a week.

"It's the best prize array I have ever seen for a derby and I got my ticket quick because I want to win that giant-size combination radio and phonograph," said sportsman Arthur Newsome. It is a derby that offers many fine fishing prizes and a bevy of awards that can be won by non-fishermen.

The fishing spotlight for the week was focused on a Ken Bodington of Brentwood. He's the fellow who landed a 47½-pound spring salmon after a 20-minute struggle in the waters between the Deep Hole and S. ne House to win his gold button.

A check of the inlet showed that bad weather kept most of the angling clan at home. However, there appears to be a fair showing of fish around and considerable feed. During the last few days the heavies have all been taken from McCurdy's Point down, plugs-most popular, but wonder spoons also getting a response.

Best catch we heard of was the five reeled in by Tom Alexander Tuesday night, 21½ and 17

pounds and three smaller. He was using a louse plug with wire line and planer between McCurdy's Deep Hole . . . Tom, by the way, is going after the association's most-butt-on-fish trophy. He's registered five over 20 pounds to date.

OTHER CATCHES

Hall's Boathouse results for last Saturday and Sunday:

Sunday—G. Whalen, 23 lbs. to win his button; Fyeball, 21½ lbs.; Cliff Heglin and Sophie Heglin, six springs, largest 14½ lbs.; M. Little, 17½ lbs.; R. Warrack, 26½ and 17½ lbs., using home-made plug; P. McLean, 9 and 6 lbs.; Frank Moore, 9 lbs., and O. S. Moore, 7½ and 5 lbs.

Saturday—John Ford, 24½ lbs.; A. Grant, 29½ lbs.; Capt. Burbridge, 17 lbs.; R. Tull, 19½ lbs.; Bert Sothorn, 17 lbs., and G. McLaughlin, 16 pounds.

Anchorage reports several people came back with one or two fish Tuesday night. Two parties taken out by guide Frank "Doc" Smith reeled in Salmon.

One of the latest additions to the button-winning list of the V.S.I.A.A. is Norman Camusa, 3420 Quadra Street. A week ago yesterday he won his bronze button with a 21½-lb. catch.

Name Cricket Team For Match At Vancouver Friday

Victoria and District Cricket Association's all-star side to play at Brockton Point Oval tomorrow in the first match of the annual home-and-home series with Vancouver rates as one of the strongest to represent the city in recent years.

The team will be captained by University School's Reg Wenman and will include four members of Five C's and three from Oak Bay.

The four churchmen on the side are Jim Richards, Jack Payne, George Payne and Alan Griffin. Oak Bay will be represented by Jack Sparks, G. T. Green and wicket-keeper S. J. Vyvyan.

Doug Day of ex-R.A.F. and Les Bullen of Cowichan round out the team. Spares include Morgan of Incogs, Twine of Cowichan and Jim Oakman of Albions.

CARRASQUEL RETURNS
CHICAGO (AP) — Chicago White Sox Wednesday announced the return of pitcher Alex Carrasquel, who jumped to the Mexican League in 1946.

General manager Frank Lane said Carrasquel will report to the White Sox in St. Louis Monday.

Coaltown Top Choice As Horse Of Year

NEW YORK (AP)—With half of the year gone, Coaltown looms as the "horse of the year," but it might be well to postpone handing out the prizes until the Pimlico Special is run late in October.

Horses winning that one usually wind up at the top of the list when the votes are all counted.

Coaltown, the No. 2 Calumet colt back in Citation in 1948, came into his own this season and captured eight straight races until he was upset last Saturday by Star Reward in the Equipoise Mile at Chicago's Arlington Park.

The speedy son of Bull Lea-Easy Lass has defeated many of the handicap stars in his 1949 campaign.

But he might not be able to clinch his claim for highest honors on the turf until the Pimlico Special. There are a lot of others he still hasn't met.

The Pimlico Special, inaugurated in 1937, is designed to be a horse "world series." Eligible entrants are the winners of 35 premier American races. The special has been run 12 times, and on eight occasions the winner became horse of the year.

Fifteen of the 35 events have been held, and Fred Hooper's Derby favorite, Olympia, leads in the number of qualifications.

With three—the Flamingo, Wood Memorial, and Withers.

Coaltown has qualified twice, with his victories in the Widener and Galt Fox Handicaps. The same goes for Greentree Stable's Capot, with his Preakness and Belmont scores, and for I. J. Collins' Vulcan's Force, winner of the Santa Anita and Suburban Handicaps.

Calumet also qualified Ponder for the mile and three-sixteenths Pimlico fall classic through the Kentucky Derby.

Timber Service Skid Ends With 4-Run Rally

Rallying for four runs in the last half of the eighth inning, Timber Service squeezed out a 7 to 6 triumph over Bluebird Cubs in a senior A softball fixture last night to take over third place in the league race.

Relief pitcher Fred Billingsworth allowed the winning run to score when he uncorked a wild pitch with the bases loaded and the score tied at 6 to 6. He then forced Jim Ireland to hit into a double play, ending the rally but the damage had been done.

All Aspinall got charged with the loss going out under fire in the eighth.

Ray Hough went all the way for the winners and gave up six hits. Hough was constantly in trouble as he walked seven but Bluebirds could only take advantage of this fact in one inning—the seventh—when they scored four runs.

Each squad counted single runs in the first with Timber Service moving into a 3 to 1 lead in the third on Mickey Smith's two-run triple.

Cabbies retaliated with a single run in the fifth and then broke loose for four in the seventh when Hough walked in one run with the bases loaded and the score tied at 3 to 3. A fielder's choice and an infield error gave cabbies their final two markers.

GARRISON BEATEN

Gordon Head handed Garrison its second loss of the season in senior B men's play by taking a 4 to 3 verdict from the soldiers in 12 innings.

George Kinch put a halt to the advance of West Heat by blanking the fuel dealers 9 to 0 on four hits.

Army and Navy Vets edged Westinghouse Airways 9 to 8 in another senior B tilt.

Short score of senior A game follows: R. H. E. Bluebirds . . . 6 6 2 Timber Service . . . 7 12 2 Aspinall, Billingsworth (8) and Collins; Hough and Wilson.

Bobby Summers Rides Pea Soup To Race Win

VANCOUVER (CP) — Pea Soup, six-year-old Vancouver-owned brown gelding, made a driving finish Wednesday to capture the \$1,200 inaugural handicap as the 56-day Vancouver racing season opened at Exhibition Park.

With veteran rider Bobby Summers up, Pea Soup was ridden out in the last furlong of the six furlong race to pass Malinka who had led from the gate.

A sloppy track sent the punters home happy as good prices came in consistently. Top return was in the second when Sariworth paid \$25.25 to win. Gene S. paid \$24.95 to win in the sixth.

Summers was top rider with two victories while apprentice Harold Matthews scored his first winner in taking the fifth. A daily double of \$194.75—Cotton Eye to Sariworth—was paid while the quinella of Kings Honor and Beach Drive returned \$83.05.

Sink Boat, Lose Fishing Gear All Over A Lowly Cod

Fish tale of the week concerns two 15-year-old Cadboro Bay youths, Leon Lindores and Tom Williams, who were angling off Ten Mile Point. They got into a lot of trouble as the result of pulling in a rock cod 100 yards off shore from T. D'Arcy McGee's residence, 2874 Sea View Road.

In hoisting the cod, the line got fouled around the outboard motor propeller. While Lindores was trying to untangle the line, Williams took up one of the oars to kill the fish with it. He slipped and the oar ripped out a plank on the bottom of the boat and it began to sink.

Lindores, the only one who could swim, hit for shore to get help. The boy's cries were heard by Mr. McGee who rowed out and rescued Williams clinging to the boat. Later a boat from the Victoria Yacht Club towed the damaged craft to shore.

Needless to say the fish got its freedom and the two boys lost about \$20 worth of fishing tackle.

Beavers Cop Second; Night Hawks Third In Trundling Finals

Playoffs continued in the Mixed Spring Bowling League at Gibson's last night with Beavers copping second place and Night Hawks annexing third-place honors.

Beavers won their 15-team playoff by compiling a total of 3,276 pins in the three-game series, a margin of 26 better than the runner-up Black Aces.

Night Hawks were not hard pressed in taking third position in the post-season playdowns as they rolled a three-game total of 3,376. Single Pins took second with 3,131.

Order of finish follows:

Y Track Team In Vancouver Meeting

A small but strong Y.M.C.A. track and field team will take part in tomorrow's Vancouver Police Sports at Brockton Point, coach Bruce Humber announced Wednesday.

The meeting is important as selections for the British Columbia representative team to compete in the British Empire Games trials in Toronto will be made on the basis of results posted in the various events.

Team making the trip includes Phil Matson, Harry Mitchell, Bob Hutchison, Rafael Duke, Gary Pynn and Pat Fleming. Cliff Salmond will not compete due to a leg injury.

Hunt, Evans Winners In B.C. Rifle Meeting

Lt.-Col. A. W. Hunt, Canadian Scottish, and Capt. G. L. Evans, Headquarters (B.C. Area) Rifle Association carried off major honors Wednesday as leading marksmen continued competition in the annual prize meeting of the B.C. Rifle Association at Healy's Range.

Hunt marked up a 10-point double possible to win the Westminster Corporation trophy and cash prize, while Evans took the British Consols No. 1 event. Evans was tied with Bdr. F. E. Richardson of the 5th Regiment, but took the honors on the strength of a better score at 600 yards.

In the Westminster Match, Hunt was followed by two other Scottish competitors, the veterans Sgt. A. E. Ashe and Maj. A. M. T. Spittal. Joe Gibault of the 5th Regiment finished fifth.

5TH WINS SHIELD

The five-man team of the 5th (B.C.) H.A.A. Regiment, R.C.A., won the St. Charles Challenge Shield with scores made by a preselected team in the West-

minster Match. The 5th Regiment sharpshooters registered 331 points against 327 scored by the Westminster Regiment and 324 by the Vancouver Seaforts to keep the trophy in Victoria for the second year. Individual scores in the 5th Regiment team were: J. Gibault, 69; 2nd Lieut. Arthur Sherwin, 67; Bdr. E. E. Richardson, 66; Mrs. Gwen Spencer Hethley, 66; V. G. Valteau, 63.

The Canadian Scottish team of tyros won the Galtley Match with a score of 189 to collect the trophy and the Victoria Times prize money.

Results of the Inter-Services Twelve Match, fired Monday and released yesterday, showed that the Active Army and the Reserve Army placed one-two in the contest, with the Navy in the third berth.

S. Sgt. F. T. Allen, Canadian Scottish, won the Woodward Match for tyros, which is shot concurrently with the Westminster Corporation. He posted a possible 35.

Final Set Saturday

Victoria Golf Club junior finals will take place at Oak Bay Saturday with Phil Redford meeting Jim Barry in the 18-hole match. Starting time is 11.30.

Redford eliminated Jerry Bowden in the semifinals 6 and 5 while Barry bested Gary Shepard, 3 and 2.

Stunt Flying To Highlight Air Circus

One of the thrilling highlights of the giant air circus to be held at Patricia Bay Friday will be the precision aerobatic displays by the famed American stunt flier, N. W. "Swede" Ralston. Shown here with the stunt plane are, left to right: "Swede" Ralston, Dick Martin, Ralston's protegee who will fly with Ralston this year in an aerial dogfight, and Ira Butterworth, pilot for the parachute jumpers who will give added spice to the show. Added attractions in the show will be the opening of a Canadian-built North Star to public inspection, and free rides in the giant plane to holders of "lucky" programs. The shows, to be held at 1 and 7, are being sponsored jointly by the Victoria Kinsmen Club and Victoria Flying Club.

Elephants, Lions, Sideshows Attract Huge Crowds To Circus

"Come on in—only 25 cents—come on in now," shouts a voice above the din of the milling crowd.

The scene is at the Dailey Brothers Five-ring Circus which opened Wednesday at Victoria West Park.

"Come on in and see the colored girls—hear funny sayings with red hot music," the voice shouts again.

His inducements are too much for the curious crowds. They are carried away into the midway show. Others are attracted to the snake or freak wild animal show or to see an illusionist per-

form her tricks in one of the small canvas tents.

Outside, beside some of the big tents curious children gaze with wonder at the herd of 25 elephants who appear to be just as curious about the spectators. Some of the kiddies give the baby elephants some peanuts which they seem to enjoy with relish.

An elephant trumpets for more peanuts. The bigger elephants come to see what its all about. The crowd moves away from the towering monsters.

"Get back, get back," shouts an elephant trainer. The animals obey their master's voice.

Other groups of spectators ex-

amine the camels. Others watch the polar bears getting hosed with water. They don't seem to mind the pressure and ask for more.

A tiger growls in his cage. A child backs up with fear. "He's angry mummy," he says. The mother hurries the child away.

In the Big Top, an audience, numbering approximately 2,000, sits watching a spectacular show featuring Doug Autry and his Wild West Jamboree. Clowns keep the crowds laughing between performances. Aerialists go through breath-taking tricks. It's all in the show and the crowd is enjoying it.

Dentists Latest Group To Complain Of License Increase

Complaints about increased trade licenses, announced last week by the city, continue to arrive in the offices of Mayor Percy George.

Latest, which arrived in the mails today, was from the Victoria and District Dental Society.

Dr. J. D. MacPherson, secretary-treasurer of the society, said, in the letter, the dentists of Victoria felt that the raise in their trade license from \$25 to \$75 for a six months' period was not equitable.

He asked that the City Council receive a delegation from the group to discuss the question and possibly a modification.

Other complaints have been registered by lawyers, doctors, rooming house operators, and theatre operators.

The doctors and lawyers are in the same category as the dentists so far as the trades licenses boost is concerned. Rooming house operators are in the same category as apartment, house proprietors, and they feel they are being discriminated against in the general increase of their license fee from 25 cents to \$1.50 per room.

Theatre managers say a substantial increase in their licenses is not warranted or fair in view of the amount of business being done.

Veterinarians Hear Prominent Men As Convention Ends

Northwest veterinarians today ended their three-day 29th annual convention as the three member associations held conferences following addresses this morning by prominent men in the field of veterinary medicine. Participating in the gatherings were the Oregon State, Washington State and B.C. Veterinary Medical Associations.

This morning, Dr. Wallace R. Gunn, livestock commissioner for B.C., outlined the functions of the four branches of the livestock division of the Department of Agriculture—dairy, poultry, livestock and fur farms.

He told of inspections, standards, laboratory service, disease control, cow testing service, beef-grading and veterinary service carried out by the department.

Dr. L. M. Hurt, Los Angeles, president of the American Veterinary Medical Association, reviewed animal disease control in Los Angeles county, and Dr. Mervyn P. Chapman of Oregon State College, Corvallis, Ore., spoke on the use of sulfaquinolone in the control of coccidiosis in domestic rabbits.

Need for proper control of the vitamin "A" content of animal feeds was stressed by Dr. Alex Wood of the animal nutrition laboratory, department of animal husbandry, University of British Columbia.

Dairy Inspector Retires After 28 Years' Service

Frederick Overland, senior provincial dairy inspector, retires today after 28 years with the provincial agriculture department.

He received a pen and pencil gift set earlier from members of the department.

Several other long-term provincial civil servants also have been superannuated recently. They include: James Miller, lands department, Victoria, who joined the service in 1920; J. C. Ciceri, forestry department, 1920; J. W. McCuskey, forest branch, Kamloops, 1914; C. F. Fedewa, attendant, Provincial Mental Hospital, New Westminster, 1910; E. H. L. Attree, public works, Victoria, 1934; H. W. Windt, public works, Williams Lake, 1939; A. J. Mercer, public works, New Westminster, 1916, and H. B. McLean, Provincial Normal School, Vancouver, 1915.

Lions Claw Trainer

Trainer kneels on lion playing "dead" at circus show.

The life of a lion trainer is not all "milk and honey," according to Joe Horwath, whose lion show thrilled hundreds of children at the opening performance of the Dailey Bros. circus Wednesday.

"I like lions, but sometimes lions like me too much," he said in a pronounced foreign accent. The Czechoslovakian-born lion trainer began undoing his shirt to prove his point. "See," he said. "Look."

He proudly displayed on the upper part of his torso a series of scars which marked his chest, back and arms.

Joe had no time to say more as his show was about to start, but he promised faithfully to return after the performance to tell more about lions.

He entered the ring and before the dancing eyes of hundreds of excited children made the big cats go through their act with the crack of his whip. He would tease one at times, and the lion in return would make a swipe

at him with his paw.

Later when he had more time to talk about lions, he explained that the big paw of a lion sometimes hit its mark. "Den I get scratch. Dat is all," he said nonchalantly.

Joe said he has been connected with circuses for about 15 years. His first job was cleaning out lion cages, but he soon got tired of this and decided to become a performer. He began to train lions and tigers.

"I train all my animals," he said proudly. "It takes about two years to get a lion in condition."

Joe said that lions captured in Africa were more easily trained than offspring of lions kept in captivity. He said the latter were inclined to be lazy and were not as intelligent as the wild animals from the jungle.

Joe departed with his arm around Eva Vazquez, a pretty dark Mexican girl. "I like Mexico," he said with a wink. "I train many lions d'ere too."

Warning!...Don't Eat Fruit Before Going In For Swim

If you are planning on going for a swim—don't eat fruit beforehand.

With the up-and-coming generation now free from school duties for two months of frolicking in the great outdoors, Saanich police today warned of the danger of entering the water after eating fruit.

Sgt. Eric Elwell, questioned on this today, reported "there is a positive danger to life." He was confirming the opinion expressed to the Victoria Times by a worried Royal Oak couple, who said:

"Three or four of the so-called drownings at Elk Lake, took place after the victims had eaten fruit. When the bodies were recovered from the water it was found the lungs contained little or no water."

Sgt. Elwell told of a boy drowned during the war who had eaten a basket of strawberries prior to swimming in a lake.

"We administered artificial respiration and in pumping out the stomach all we got was strawberries," the sergeant said. "He said fruit causes stomach cramps."

Margaret Jenkins School Prize Won By Lorraine Brand

Special prizes and cups were presented at a banquet held for the graduating class of Margaret Jenkins School. Members of the class were introduced by W. H. Muncy, principal, and Harold Robinson was chairman. Lorraine Brand gave the valedictory address.

Margaret Jenkins prize, presented by Rev. G. R. Easter, was won by Lorraine Brand. Mrs. H. L. Smith presented a Canadian history award to Sheila Hardie; Trustee A. Trevett presented a special award to Shirley Anne Turner. Mrs. A. F. Davidson, P.T.A. president, presented special cups to Marguerite Gardom, sports; Bob Campbell, sports, and Har-

old Robinson, for outstanding attitude in work and play.

Annual reports were given by Sheila Hardie, Daphne Hale, Jack Easter, Graham Bugg, Douglas Murray, Stewart Macintosh, Julian Matson, Althea Redegman, Charlene Hammon, Ina Impey and Marguerite Gardom.

Swimming, track and physical education reports were presented by Carolyn Anderson, Kenneth McKinnon and Leona Wilkinson. Corsage bouquets and boutonnieres were presented to the graduates who were served by Grade VIII pupils. Special guests were Rev. and Mrs. Easter, Alderman and Mrs. F. Mulliner, Mr. and Mrs. Muncy, Mr. and Mrs. Smith, Trustee and Mrs. Trevett, Trustee and Mrs. W. Young, Trustee and Mrs. G. W. Pottinger and staff members.

Mrs. R. W. Wallace and Mrs. A. Kyle were in charge. Musical program included pianoforte solos by Lorna Stuart, Lorraine Brand, Shirley Anne Turner and Sheila Hardie.

Jimmy Phillips, At Empress Since 1908, Retires Today

A man who is practically an institution at the Empress Hotel, retired today.

He is Jimmy Phillips, who after 41 years of watching travelers come and go, is going to take a trip himself.

Jimmy and the Empress Hotel have grown together, and each has gained a fine reputation the world over. He arrived here three days before the hotel actually opened, transferring from the Royal Alexandra Hotel in Winnipeg.

Since that time, with the exception of the first three months he was in the city, Jimmy has been head porter and as such has been responsible for baggage and transportation arrangements for royalty and dignitaries from all over the globe.

He has become more than just the man who sees to the baggage, however. He is known personally by hundreds of persons in high governmental and business ranks, and by thousands of commercial travelers.

TIME FOR HOBBIES

"I'll have time for my hobbies now—fishing, lawn bowling and gardening," Jimmy said today as he prepared to knock off shift for the last time.

He added that he and his wife planned to take a trip "somewhere—we haven't decided yet."

But wherever the smiling Jimmy Phillips goes, he is practically assured of having a friend—for there can be few places on this continent which does not have a resident who knows him.

Jimmy recalls handling 556 pieces of baggage for the King of Siam and his party when they visited here in the '30's and occupied the entire first floor of the hotel.

The Duke of Windsor knows him as the bustling little man who saw to the handling of his baggage on two occasions.

Jimmy says he has seen "everything from company presidents to clerks, bellhops and page-boys come and go—and some of those page-boys have high positions now."

He has watched his place of work grow from a single main section to its present size with three wings, the ballroom, conservatory and grounds all being constructed in his time, and he recalled today how tourists and baggage used to be transported by horse and buggy.

Jimmy glanced out a front window of the Empress today and pointed to one of the C.P.R.'s new princesses.

"I have watched the company's boats come in practically every day since the old Charmer—the Princess Victoria is the only one now in operation which was here before I was—the Alice, Charlotte, Adelaide, Joan, Elizabeth, Kathleen and first Marguerite, and now these two new ones all followed me," he commented.

MOVED AROUND

Jimmy moved around a bit before finally settling here. Born in London, Eng., he was educated at Brighton, Sussex, and became a butcher by trade—but apparently it did not appeal to him, for in 1901 he went to South Africa where he worked four years for the Cape Government Railway.

It seems a transportation organization was the type of company he wanted to be associated with, for in 1905 he went to South America and worked for about six months for a railway in the Argentine.

After returning to England in 1907, Jimmy emigrated to Canada, ostensibly to take a position with the McArthur Construction Company in Winnipeg. When he reached the prairie metropolis, however, he went to work for the C.P.R. in the Royal Alexandra Hotel as an elevator boy and later as a porter.

He arrived here on Jan. 17.

"KING'S EVANGELS" MALE QUARTET IS BACK AGAIN Thursday and Saturday, 7.30 p.m. Sunday, 11 a.m. FREE METHODIST

JIMMY PHILLIPS

1908—three days before the Empress Hotel opened.

Jimmy can give no estimate of the number of pieces of baggage which have come under his care, but he recalls seeing 2,600 pieces in one day when a group of 1,000 university students visited Victoria a few years ago.

In the tourist season, he is responsible for anywhere up to 500 pieces of baggage a day—and it is no small task seeing that outgoing luggage gets checked through to points all over the world and, for incoming travelers, getting the right bags in the right rooms.

As he received the well-wishes from fellow-workers today as he wound up his last shift, Jimmy was still comparing old times to the present. Remembering how he was on the first Empress horse-drawn passenger bus that met steamers, he noted it was a far cry from the day last year when he escorted a provincial cabinet minister into the hotel after the latter had alighted from a helicopter on the front lawn. The flight had just been from the Parliament Buildings, but marked a new phase of transportation for bringing in guests. Jimmy's post as head porter will be taken over by Fred Cannon, who has been in the company's service 20 years.

TENDERS FOR ONADELTH TIMBER

Sealed tenders addressed to the undersigned and marked on the envelope "Tender for Onadelth Timber" will be received until 3 p.m. on Thursday, July 28, 1949, for the purchase of the merchantable timber on Onadelth Indian Reserve, 45 acres, at the head of Deer Bay, Clayoquot District, B.C., lying north of the 12th day of April, 1949, and approximately 1,500,000 b.m., mostly cedar, balsam and hemlock.

The sale is subject to the following conditions:

1. Bids shall be one price for all species and grades and shall not be less than \$2.00 per cord.

2. The operator will be subject to the Indian Act and regulations and the B.C. Forest Act and the regulations of the B.C. Forest Service. All merchantable timber shall be cut and fully utilized; waste of timber shall be considered a breach of contract.

3. The timber is to be scaled before leaving the logging site and due to be payable on receipt of Scale and Royalty Accounts.

4. The licensee shall pay fire-fighting costs for fires starting on the Reserve during the term of this license and renewals.

5. Timber licenses until April 30, 1950, will be issued and will be renewable for two years.

6. The license of the Clayoquot Band shall be given preference in employment to the extent of their ability and experience.

7. Each tender shall be accompanied by an accepted cheque to the Receiver-General of Canada for \$750.00 covering license fee of \$150.00, and \$600.00, and \$750.00 as a deposit to ensure the completion of the contract to the satisfaction of the Department.

The highest or any tender not necessarily accepted.

Appoint Officers To Conciliate Disputes

S. Williscroft has been appointed conciliation officer to confer with representatives of West Vancouver and the Street Railwaymen's Union, Local 101, to assist them in negotiation of a collective agreement, the Labor Relations Board reported today.

The Vancouver conciliation officer will attempt to solve a dispute between the municipality and its 35 transit employees on wages and hours demands made by the union.

The board at the same time announced setting up of a conciliation board in the dispute between Pumps and Power Ltd., Vancouver, and United Steelworkers of America, Local 2552.

W. T. Moodie will act as chairman of the board, with Oscar R. Olsen and Herbert Gargrave representing the employer and the union respectively.

The dispute, involving 25 employees, is over union security, hours of work, statutory holidays, seniority, annual vacation and wage schedule.

Burnside School Safety Patrol Members Get Awards

Seventeen members of the Burnside School section of the Kiwanis Junior Traffic Safety Patrols, Wednesday were awarded with certificates and medals for their work to make things safer for fellow students crossing the paths of the motor-vehicles in the vicinity of the school.

Presentations before the assembled school population were made by M. V. Chestnut, Kiwanis safety patrol committee member, who lauded the work of the patrol youngsters.

Another feature of the ceremony was the presentation of citizenship awards to pupils Betty Little and Harvey Jackson, both aged 12 years, by School Trustee Walter Jeune. Mr. Jeune, who is to leave shortly on a visit to his Welsh birthplace, was saluted by the assembly with the singing of the old Welsh favorite "The Ash Grove."

Certificates and bronze and silver medals were received by Daniel Kelway, Robert Fannell, Garry Butler, Donald McIntosh, Donald Lezette, Brian Baker, Michael Snelling (Lieutenant), Royce Johnson, Kerwin Johnson, Walter Davis, Peter Putland, Robert Caird, Harvey Jackson (Lieutenant), Stephen Bishop, Robert Southern, Douglas Patterson and Bill Ozard (captain).

Sailor To Pay \$113, Or 15 Days In Jail

Peter H. Dootson, naval rating of H.M.C.S. Naden, pleaded guilty to a charge of doing willful damage over the value of \$20 when he appeared in city police court today before Magistrate H. C. Hall.

Evidence of Constable Reginald Church was that accused when questioned admitted that he had been responsible for smashing the \$x7-foot plate glass window at the 1211 Douglas Street premises owned by the Prudential Insurance Co. of New Jersey Wednesday night.

Accused told the officer he had put his foot through it, but was unable to explain why as he had been drinking.

Magistrate Hall imposed a penalty of \$15 or five days and ordered that he pay the \$98.79 bill to replace the window, or serve another 10 days in jail.

Deductions From Pay For Hospital Premium Starting In August

The B.C. Hospital Insurance Service after Aug. 1 will require employers to deduct unpaid hospital insurance premiums from the salary of employees who have not registered or paid their 1949 hospital insurance premiums.

Reporting this today, Dr. J. M. Hershey, hospital insurance commissioner, said notices regarding the hospital insurance premiums and the compulsory deduction order already have been sent to more than 25,000 employers who are not participating in the payroll plan. The employers have been asked to display the notice in a prominent place for the information of employees.

At the same time, Dr. Hershey urged all persons in arrears to arrange to bring their 1949 premium payments up to date before Aug. 1 to avoid embarrassing themselves and their employer. The deadline for payment of the year's premium is May 31.

The majority of British Columbians have realized their responsibility, said Dr. Hershey, but he felt there were still a few who did not understand that registration and payment of hospital insurance premiums was compulsory.

He said it would be unfair to those who already have cooperated if steps were not taken to ensure that the small minority fulfill their obligations.

Plan Full Program At Park On Sunday

Another full program is planned at Beacon Hill Park this Sunday, it was announced today by the city parks department.

In the afternoon, starting at 2:30, the Park Band of 28 pieces under Bandmaster H. J. Bigsby will give a concert. A male vocalist also will take part.

At 7 in the evening Victoria Camp of the Gideons will hold a church service.

At 8:30 a concert will be given by the B.C. Electric Band of 30 pieces under Bandmaster James Miller.

\$160 To \$200 Million Drop In British Gold Reserves

By ARTHUR GAVSHON

LONDON (AP)—Britons may get a jolt next week when their financial chief, Sir Stafford Cripps, tells them how far Britain's gold and dollar reserves have shrunk in the last three months. Estimates place the decline at \$160,000,000 to \$200,000,000.

John W. Snyder, United States Treasury Secretary, is expected to confer next week with Sir Stafford, Chancellor of the Exchequer, and Prime Minister Attlee, on Britain's monetary plight.

Elsewhere vital talks are going on or being scheduled between high western economic leaders.

In Paris, the "cabinet" of the 19-country organization for European Economic Co-operation is

debating on the immediate future of western Europe's financial and trading policies.

Sir Oliver Franks, Britain's ambassador to the United States, has been told to speed a scheduled trip home for talks with Foreign Secretary Ernest Bevin and Sir Stafford on the over-all economic situation.

The British government has called on seven Commonwealth governments and Southern Rhodesia to send finance ministers to London by mid-July to study the situation brought about by the sinking dollar resources of the whole sterling area.

An official source took a grave view of the British economic picture.

Britain's reserves stood a little under the £500,000,000 (\$2,000,000,000) government-set danger line at the turn of the year. In the first quarter they sagged by £20,000,000.

The source said: "The government was not much worried by that drop. It is, though, very concerned at the decline shown in the second three months of the year. The position today is not good."

Meanwhile Attlee has ordered his labor and transport ministers to speed plans to cope with a threatened slowdown of the country's railway system.

The nearly 500,000-strong National Union of Railwaymen announced it will begin a slow-down policy on the country's over-worked rail system Monday until its claim for a 10s. (\$2) pay hike for 150,000 lower-grade workers is met.

An official said Attlee and his ministers have two possible courses if a slowdown comes: Begin using troops in railroad operations, or proclaim a state of national emergency.

Seattle Made 'Free Port'

WASHINGTON (AP)—Establishment of foreign-trade zones at Los Angeles and Seattle has been authorized, Commerce Secretary Charles Sawyer announced today.

This will bring the number of these "free port" areas to five. The others are at New York, New Orleans and San Francisco.

Foreign-trade zones are segregated port areas where importers may deposit foreign merchandise for storing or processing without payment of customs duties, unless the merchandise later is moved into the U.S. proper.

Former Reeve Shot By Berserk Farmer

SELEY, Ont. (CP)—One man was killed and another dangerously wounded when John Nelson, a 20-year-old itinerant farm hand, ran amok with a .22-calibre rifle today on a farm in this eastern Ontario centre some 20 miles west of Kingston.

Elijah McQuig, a farmer and former Reeve of Richmond Township, died shortly after several bullets had been pumped into his body. Ron Ross, 18-year-old farm worker, was wounded three times. Nelson was arrested by R.C.M.P. officers.

Up Telegraph Rates 15 Per Cent July 4

MONTREAL—The Canadian Pacific and Canadian National Railways announced today that telegraph rates will go up about 15 per cent on July 4.

The new rates will apply to all points in Canada with the exception of Newfoundland.

The last increase in telegraph rates was in 1920.

Laughing Father Causes Boy's Death

LIVERPOOL, Eng. (Reuter)—David Awwyn Grundy, 15, shot himself to death after his father laughed during a radio presentation of a Strauss selection. It was stated at the inquest into the boy's death.

The court found that the boy—described as "passionately fond of music"—killed himself when his mental balance was disturbed.

Golab Will Retire Rather Than Take Ottawa Club Terms

OTTAWA (CP)—Tony Golab, all-Canadian flying wing, said today he will retire from football this season rather than accept the terms the Ottawa football club is offering him.

Amount of the Rough Rider offer was not disclosed, although Tony admitted it was "slightly higher" than last year.

However, his objection was based on the claim that he was being offered less than the lowest-paid American imports the Riders are lining up for the 1949 grid season. Tony, a pilot with the R.C.A.F., enjoyed one of his best football years in 1948.

Two of last year's imports, Bob Palfarth, quarter-back, and John Wagoner, rangy lineman, both have turned down initial Rider offers, requesting more money.

Free C.S.U. Men For Dominion Day In New Zealand

WELLINGTON, N.Z. (UP)—Twenty-seven striking members of the Canadian Seamen's Union from the freighter Ss. Tridale were released from jail in Wellington, New Zealand, today, four days before the expiry of their one-month prison sentence.

The seamen said they were delighted to be freed in time to celebrate Dominion Day tomorrow.

A spokesman for the left-wing union members said they still were 100 per cent behind the leadership of the C.S.U., despite its suspension from the Trades and Labor Congress.

The Canadians were being cared for by the Wellington Longshoremen's Union.

Carrier Repairs May Cost \$275,000

OTTAWA (CP)—A survey of damage to the hull of the Magificent, now in drydock at Saint John, N.B., indicates it will cost "somewhat less" than \$275,000, the navy said today.

The big aircraft carrier entered the drydock June 18 after running aground off Halifax.

The survey, under supervision of Cmdr. C. V. Green, manager of the construction department at H.M.C. Dockyard, Halifax, indicates it will be necessary to replace 26 plates in the ship's hull which were damaged beyond repair.

The damage extends over approximately 170 feet of the carrier's bottom.

Kim Koo (above), Korean leader, rival to South Korean President Syngman Rhee, was shot and killed by an assassin who entered the heavily-guarded home of Koo on the pretext of "private business."

Korean Leader Slain

SYDNEY (Reuter)—Idris Williams, Australian Miners' Federation president, reported to the police today that his life had been threatened as Australia's country-wide coal strike entered its fourth day.

Police said Williams had handed them a letter made up of single words cut from newspapers and pasted on a sheet of paper which said:

"Warning Williams. You will be held responsible with your life if the strike is not finished by July 5. Regard this as no idle threat. Seven unionists."

"No form of threat can end this coal strike," Williams said.

Low-Flying Planes Rouse Mothers' Ire In War Games Trial

LONDON (CP)—Mothers complained today against low flying in air-war games after a Vampire jet fighter had wrecked a house at Ipswich and injured two children.

Ipswich women sent a petition to the Air Ministry saying planes dog-fighting and raiding at low levels had endangered the lives of their families. They asked the ministry to call a halt.

Officials replied that creation of an adequate air defence against a possible enemy requires "realistic training at all altitudes." It was the same answer they had given to earlier complaints about low flying over London.

Sqdn. Ldr. Anthony Beddon, 28, veteran of 60 war missions, died in the Ipswich crash. A four-year-old boy in the house and a 13-year-old girl walking along the street were sent to hospital.

A strong force of bombers theoretically wiped out industrial Birmingham today, fifth day of Britain's eight-day mock air war.

Police Tell Of Discovery

VANCOUVER (CP)—Preliminary hearing of two men on charges of murder, laid in connection with the slaying of Michael and Maria Geluch in their South Vancouver home earlier this month, opened in police court today.

Charged are 37-year-old William John Worobec, and Walter Prestyko, 37.

Only one charge, that of murder of Geluch, was read today.

Detecives C. W. MacKay told of discovering blood-stained clothing stuffed into the basement clean-out flue in the Geluch home on June 13, the day after the elderly couple was found dead in the house.

He said he opened the ash clean-out and, looking into the chimney, saw a white tissue paper bundle.

The detective said the bundle contained a pair of trousers and a man's shirt, large size.

He said the back of the collar of the shirt had a laundry mark "which in certain light we could make out to be T 4264."

The detective did not testify as to whether the laundry mark had been traced, but said that stains on the shirt were streaked and "appeared to be dispersed by water."

MacKay also told of conflicting statements made by Worobec while being interviewed by police.

FATHER OF FOUR

He said the 37-year-old tailor, father of four children, at first denied that he had ever been at the Geluch home, but later admitted visiting there on three occasions.

Worobec told the detective he met Geluch with a man named "Andy," whom he took to a Clarke Drive address "because he wanted to trade his farm for a house."

Detective MacKay said Worobec was told by police that they had learned he had been seen at the Geluch's Earles Road home.

He quoted the accused man as saying: "I was wrong. I didn't want to get mixed up in this case."

Hospital Grants To Aid B.C. Units

OTTAWA (CP)—Grants have been approved under the federal health plan to assist in providing 190 additional hospital beds in Saskatchewan and British Columbia, the health department announced today.

Additional beds will be provided at the Provincial Mental Hospital at New Westminster, B.C.

The grants, on the basis of \$1,000 a bed for active treatment hospital and up to \$1,500 a bed for hospitals treating the chronically ill, are matched by the provinces.

Pleasure Jaunt Ends In Death

Sqdn. Ldr. J. Thompson and his brother, Dr. Ross Thompson of Atwood, Ont., were killed in this light plane crash at Listowel. Dr. Thompson was accompanying James on pleasure jaunt from latter's Hamilton home. The plane went into a roll, hit bush.

Goode Has 282-Vote Lead Over D. Steeves

VANCOUVER (CP)—Tom Goode, Burnaby-Richmond constituency's in-again-out-again Liberal is in again.

First official preliminary returns from returning officer M. M. Reigh give Goode a 282-vote lead over his nearest contender, C.C.F. candidate Mrs. Dorothy Steeves.

Earlier unofficial counting placed Mrs. Steeves in front by a 16-vote margin. Goode had been elected before that on the basis of incomplete election night returns.

Further returns from army balloting may yet affect the see-sawing district. These are expected sometime between July 2 and July 12.

Official count now reads: Ferguson (P.C.) 5,116; Goode (L.) 12,841; McEwen (Lab-P.) 1,569; Steeves (C.C.F.) 12,559.

Two Children Die As Parents Look On

SHORTDALE, Man. (CP)—Two children were burned to death in a stable fire near here while their parents stood by helplessly. The children were Yvonne, five, and Frederick Beals, three.

The parents, Mr. and Mrs. Harold Beals, were working in a garden when the fire broke out. The children had been playing in the barn at the time. Three other Beals' children were attending a picnic.

Going To Russia

SOFT (Reuter)—Mme. Stella Blagoeva, Bulgaria's first woman diplomat, has been appointed ambassador to Russia, it is announced.

She is the daughter of Dimitar Blagoev, founder of the Bulgarian Communist Party.

Ships In Atlantic Report In Distress

HALIFAX (RUP)—Search and rescue headquarters in Halifax reported two ships in distress in widely separated parts of the Atlantic today.

The U.S. trawler St. Peter II signaled she had lost a propeller and give her position as 32 miles southeast of the Sambro, N.S., lightship.

The 1,138-ton steamship Bunt reported herself in trouble approximately 250 miles north of Bermuda, leaking badly and in need of assistance. The Foundation Co. tug Foundation Lillian was sent to the vessel's assistance.
